Hearing Held.

SPECIAL ORDER—2:00 P. M.

Public Hearing by the Board of Supervisors for Consideration of, and Action on Proposed Amendments to the Redevelopment Plan for the Western Addition Approved Redevelopment Project Area A-1.

File No. 72-62

Mr. M. Justin Herman, Executive Director, Redevelopment Agency, explained that proposed amendments to the Land Use Plan were to allow small portions of residential sites to be used for commercial purposes, and to affect a small exchange of residential and institutional properties within the complex of Lutheran Church for Senior Citizens Home. Also, the developer has come up with changes in the residential plan to make it more attractive by including two types of activities not ordinarily considered residential, i.e., recreational center, and an area for a music center.

Supervisor Ferdon expressed his dissatisfaction on the failure of the Redevelopment Agency to have a visual model of the buildings prepared and presented to the Board for this hearing, so the Board could get some idea as to how the completed area would look, and also how the integration of commercial and residential uses was to be accomplished.

Supervisor Ferdon thereupon requested that Mr. Herman inform the Redevelopment Agency that he, Supervisor Ferdon, was convinced that before the final plans for the construction of the buildings are approved, the Redevelopment Agency should conduct a public hearing and a visual model be prepared so the public could be informed on the manner in which the buildings will be completed.

Mr. Herman replied that he would convey this request to the Redevelopment Agency, and he was certain they would be willing to comply with it.

Supervisor Halley interrogated Mr. Herman relative to the property acquired by the Dworman Development Corporation as assignees of contract of sale with Paul Broman, and stated there must have been a definite increment in the value of the property over the sale price to the original vendee, especially in view of the fact that it is being rezoned for a higher use. Supervisor Halley thereupon inquired whether or not the Redevelopment Agency was receiving any more money for the property from the subsequent owner.

Mr. Herman replied that the assignment resulted from the decision of the original vendee not to proceed with the development of the property, and in order to make the project feasible it is advisable to permit the owner to add such facilities as are necessary. Mr. Herman continued that no decision has been reached on whether or not the Redevelopment Agency will increase the sales price because of the change in zoning, but at the present time it is our belief that we will have a better development without increasing the price.

Mr. Halley asked Mr. Herman whether or not all restrictions and limitations on the use of the land in the Western Addition Redevelopment Area are set forth in the deeds to the vendees.

Mr. Herman replied that they definitely were and they ran with the land.

Supervisor Halley thereupon requested that the Clerk direct a communication to the Redevelopment Agency asking for a confirmation of the statement of Mr. Herman; and also request them to explain the reasons for not increasing the sales price of the property acquired by the Dworman Development Corporation as assignee of Paul Broman, in view of the fact that the property is being rezoned for a higher use.

No objection and *Clerk directed to comply.*

Supervisor Halley continued that he could not agree, in view of the showing made today, that the Redevelopment Agency is ready at this time to make a proper presentation to the Board so that we can understand what is to be proposed. Establishment of commercial districts in the redevelopment area would be in direct competition with the downtown area.

Supervisor Halley concluded by stating he believed the matter should be continued until such time as the Board has a better understanding of the plans for the Area, and information as to why the Redevelopment Agency did not increase the sales price under its contract of sale with Dworman Development Corporation.

Mr. Herman remarked that at the present time the fair market value of the land is the subject of discussion between the Redevelopment agency and the United States, and also the final decision is with the Redevelopment Agency.

In response to inquiry of Supervisor Halley, Mr. Herman stated that the property was sold by competitive bidding at a public auction open to all persons who desired to bid.

Mr. Herman explained that the proposed amendment to the Land Use Map was for the purpose of providing greater flexibility in the construction of the Senior Citizens Home, to permit a better use of the site.

Reverend Ross F. Hide, Pastor of St. Mark's Lutheran Church, supported the proposed amendment to the Land Use Map.

There being no other persons in attendance who desired to speak, the Chair declared the hearing concluded.

Passage for Second Reading.

The following, presented by the Clerk, was taken up:

Amending Ordinance No. 9708 (Series of 1939), Approving the Redevelopment Plan for the Western Addition Approved Redevelopment Project Area A-1, Relating to M-5 Residential Areas, to Provide for Change in Types of Land Uses Permitted; to Establish Maximum Limits for Residential Commercial Use; and to Establish an Institutional Land Use Classification.

File No. 72-62-8, Ordinance No.

(Amendment to Land Use Plan, Part I, Section A, Residential Uses, M-5, to permit limited residential commercial and community facility uses where such uses are specifically approved by the Agency as an integral part of a plan for an M-5 residential development.

Amendment to Land Use Plan, Part I, Section D, Controls of Development, M-5 High Density, to provide that permitted limited residential commercial uses shall be restricted to an area ratio of not more than 8 square feet of such uses for each room.

Amendment to Land Use Map, Part IIA, to add alternate Land Use I, Institutional, to M-5 High Density residential area located at Franklin and Ellis Streets.)

Supervisor Tinney, seconded by Supervisor Boas, moved passage for second reading.

Supervisor Halley, in explaining his vote, stated he was going to vote against the legislation because he believed the Redevelopment Agency was subsidizing certain private development to the detriment of all private developers in San Francisco by giving land for a price which is less than similar land located in other parts of San Francisco.

Supervisor Halley requested that the Clerk ascertain the following information relative to property owned by the Dworman Development Corporation: (1) sale price of the property to the original vendee; (2) sale price of the property to Dworman Development Corporation when contract of sale was assigned to it by the original vendee; and (3) fair market value of the land today.

No objection and *Clerk directed to comply.*

Supervisor Blake, seconded by Supervisor Halley, moved that consideration be continued for one week.

Supervisor Tinney stated he was going to vote against the motion because even though the information was furnished the Board, he did not believe it would make any difference.

There being no objection, the privilege of the floor was granted Reverend Ross F. Hide.

Reverend Hide urged the Board to approve the plan, especially that portion which referred to the Senior Citizens Home, because the commercial uses would be so limited that it would not change the residential nature of the complex.

Motion to continue consideration *defeated* by the following vote:

Ayes: Supervisors Blake, Halley—2.

Noes: Supervisors Boas, Casey, Dobbs, Ertola, Ferdon, McMahon, Morrison, Tamaras, Tinney—9.

Passed for Second Reading by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Ferdon, McMahon, Morrison, Tamaras, Tinney—10.

No: Supervisor Halley—1.

UNFINISHED BUSINESS.

Passage for Second Reading.

The following recommendations of Finance Committee, heretofore considered, were taken up:

Appropriating \$15,848, Recreation and Park, to Provide for Plans and Specifications for Rehabilitation of Nursery in Golden Gate Park.

File No. 80-62-26.2, Ordinance No. . . .

Mr. Kimball, General Manager, Recreation and Park Department, remarked that a meeting had been held with the Director of Public Health and it was felt that if the nursery at the San Francisco General Hospital were to be consolidated with another similar operation, it should be with the Tree Planting Division of the Department of Public Works.

Dr. Sox, Director of Public Health, explained that the plant at the San Francisco General Hospital was not a nursery in the true sense of the word, but was more like a service area, or holding area.

Supervisor McMahon stated she would vote for the appropriation on the condition that the Finance Committee will scrutinize very carefully the expenses in connection with the operation of the nursery at the San Francisco General Hospital.

Supervisor Dobbs directed the Clerk to place the matter on the Finance Committee Calendar for its consideration.

No objection and *Clerk directed to comply.*

Supervisor Blake suggested that consideration also be given to transferring this operation to the jurisdiction of the Tree Planting Division of the Department of Public Works.

Redevelopment Pursuant to General Neighborhood Renewal Project.

Supervisor Dobbs stated he believed that the Redevelopment Agency is the only group which will be able to render assistance to the City in the rehabilitation of Market Street. File No. 331-61-1, Ordinance No.

(Superior Court Action No. 522048.)

Supervisor Ferdon, seconded by Supervisor Dobbs, moved passage for second reading.

Supervisor Halley explained he did not believe the City should acquire commercial property on a main thoroughfare for the construction of a library when City property was available in the same vicinity. Also, additional property would be required for the site, and it would be cheaper to move the library around the corner on to Cotter Street.

Adopted by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Ferdon, McMahon, Morrison, Tamaras, Tinney—10.

No: Supervisor Halley—1.

Adopted.

The following recommendations of Joint Finance and Public Buildings, Lands and City Planning Committee were taken up:

(*Supervisor Morrison dissenting in Committee*)

Designating a Site in the Inner Irving District for Use as a Public Off-Street Parking Facility; Determining Necessity for Acquisition Thereof; and Requesting Submittal of Joint Working Agreement in Connection Therewith.

File No. 378-61-45, Resolution No. 76-73.

Supervisor Morrison stated he believed that the wrong site was chosen because at the hearings the preponderance of the testimony showed that the center of need was at the original and not the alternate site. The proposal goes against the recommendations of the traffic experts and against desires of the merchants in the area, and therefore he could not vote for the legislation.

Adopted by the following vote:

Ayes: Supervisors Boas, Casey, Dobbs, Ferdon, Halley, Tinney—6.

Noes: Supervisors Blake, Ertola, McMahon, Morrison, Tamaras—5.

Supervisor Ertola, seconded by Supervisor Halley, moved that the Board rescind its action.

Passed for Second Reading by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Morrison, Tamaras, Tinney—11.

**Taken Up Out of Order.
Re-referred to Committee.**

There being no objection, on motion of Supervisor Halley, seconded by Supervisor Ertola, the following recommendation of Police Committee, appearing on the calendar under New Business, was taken up out of order.

Endorsing Application of Chinese New Year Parade Committee for Permit to Discharge Firecrackers During Conduct of Chinese New Year Parade.

File No. 98-63, Resolution No. . . .

Supervisor Ferdon stated he did not believe that persons opposing the legislation were afforded an opportunity to present their objections to the Committee, and thereupon moved that the privilege of the floor be granted to any opponent who desired to express his views to the Board.

Supervisor Halley questioned the validity of the legislation because he believed the matter was entirely within the province of the Chief of the Fire Department.

Supervisor Halley, seconded by Supervisor Boas, moved that the legislation be tabled.

In response to inquiry of Supervisor Halley, Mr. Thomas Blanchard, Chief Deputy City Attorney, remarked that in his opinion the state law covers fireworks and display thereof. Also under the provisions of the Fire Code a permit for such display could be granted by the joint consent of the Fire and Police Departments.

Mr. Blanchard further stated that since, in his opinion, the legislation was in conflict with Section 22 of the Charter he recommended it not be adopted.

Supervisor Ferdon requested permission to withdraw his motion.

No objection and *request granted*.

Supervisor Halley requested permission to withdraw his motion.

No objection and *request granted*.

Supervisor Halley, seconded by Supervisor Boas, moved that the legislation be re-referred to Police Committee.

Motion *carried* by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Morrison, Tamaras, Tinney—11.

The Board resumed consideration of the Calendar items in the order set forth therein.

Supervisor Halley Excused From Attendance.

Supervisor Halley, at the hour of 3:10 p. m., requested to be excused from attendance.

No objection and *request granted*.

Adopted.

The following recommendation of Public Buildings, Lands and City Planning Committee was taken up:

Requesting Redevelopment Agency to Prepare an Estimate of Cost of a Program and Plans for the Revitalization of the Mission District Area.

File No. 352-62, Resolution No. 78-63.

In response to inquiry of Supervisor McMahon, Mr. Justin Herman, Executive Director, Redevelopment Agency, explained that the program would provide for removal of individual structures which were blighted and for compensating the owner of the property; the con-

struction of new parks, schools, clinics; some work on streets including the opening of new streets, vacation of existing streets, and the paving of other streets.

Supervisor Boas requested Mr. Herman to describe the steps which would follow after the adoption of the resolution.

Mr. Herman explained that after approval of the resolution the Redevelopment Agency would prepare a budget estimate and present it to the Board asking for a small appropriation which would enable the Agency to prepare an application to the Federal Government for a sum adequate to undertake a study in a particular area, i.e., the area described in the resolution. If successful in getting money, the Agency would prepare an application for funds, then would come before this Board asking an endorsement of an application for a larger amount of funds and go to the Federal Government in an attempt to gain an advance of funds once plans are prepared they would be submitted to the Board for approval. The Agency would ask the Federal Government to approve the plans and then proceed with the execution of the project with a Federal loan.

Supervisor Boas inquired as to what assurance the Board would have that, in the event the resolution is adopted, the "bull dozers" would not be put to work in the area.

Mr. Herman replied that the only assurance is the detailed study which will be undertaken under Federal grants. We could go in with a program which is exclusively a redevelopment type; if we estimate it is 5% renewal and it is larger we will have to tell you. It is a conservation program as differentiated from a redevelopment program.

Supervisor Boas asked Mr. Herman how he would compare the Mission District with the Western Addition A-2 area with respect to demolition.

Mr. Herman answered that the Mission District area is in much better shape than the A-2 Area. It represents an awareness of private citizens that the time to do the job at the least cost is now and not later.

Supervisor Tinney further stated that inasmuch as all other custodial services were performed by the Sheriff it might be prudent to turn the sixth floor over to him, thus releasing the 45 policemen for active duty.

Supervisor Tinney thereupon requested that the Clerk direct a communication to the Mayor, Police Commission, Sheriff, City Attorney and Controller, requesting an investigation to determine the desirability of turning over the custodial responsibilities of the sixth floor of the Hall of Justice from the Police Department to the Sheriff.

Authorizing Sale at Public Auction of Certain Surplus Police Department Real Property, Known as the Old Hall of Justice, Located at Kearny and Washington Streets; and Repealing Ordinance No. 285-61.

File No. 722-60-5, Ordinance No.

The Clerk presented a communication from the Director of Property advising that he does not recommend approval of the legislation because of the additional restrictions included therein, and urged the Board to proceed under Ordinance No. 285-61.

Ordered filed.

In response to inquiry of Supervisor Tinney, Mr. Thomas Blanchard, Chief Deputy City Attorney, stated that if the Board tabled the legislation it would mean that the provisions of Ordinance No. 285-61 would be in full force and effect, and the Director of Property would proceed to sell the property under that ordinance.

Supervisor Boas explained he was opposed to the legislation because he believed that to order the sale of the property without having any knowledge of the contents of the Downtown Study on land use would not permit the City Planning Commission to make an intelligent review of the plot plan and building design. Also that, in his opinion, the covenants relating to submission of plot plan and building design would be binding only on the original purchaser and not subsequent purchasers, and therefore were meaningless.

Supervisor Morrison concurred in the statement of Supervisor Boas, and urged that no sale be authorized until the Downtown Study was presented to the Board.

Supervisor Tinney, seconded by Supervisor Ertola, moved that the legislation be amended to provide that the sale shall be made on or after June 3, 1963.

Supervisor Dobbs explained he was opposed to any further delay because there was no assurance that it would result in a benefit to the City.

Supervisor Tinney urged adoption of the motion on the ground that the delay would permit bidders to submit bids with knowledge of the recommended use of the land.

Upon being informed that the contract for the Downtown Study provides that the report shall be submitted on or before June 15, 1963, Supervisor Tinney, seconded by Supervisor Morrison, moved that his motion be amended to provide that the sale shall be made on or after June 24, 1963.

Motion defeated by the following vote:

Ayes: Supervisors Blake, Boas, Morrison, Tinney—4.

Noes: Supervisors Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Tamaras—7.

Supervisor Tinney, seconded by Supervisor Halley, moved that the legislation be amended by amending the covenant set forth in Section 1 relating to removal of the existing improvements, to change the words "three years" to "two years."

Adopted by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Morrison, Tamaras, Tinney—10.

No: Supervisor Boas—1.

Passed for Second Reading, as amended, by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Tamaras, Tinney—9.

Noes: Supervisors Boas, Morrison—2.

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Construction of Monorail Facilities Between Downtown San Francisco and the San Francisco International Airport.

Supervisor Blake commented on the newspaper article relative to Los Angeles County approving the construction of monorail facilities between downtown Los Angeles and their airport, a distance of approximately 17 miles. Supervisor Blake pointed out the fact that the cost of construction and plans and specifications were to be borne by private enterprise and would not cost the County any money.

Supervisor Blake suggested that the Chief Administrative Officer should direct some of the departments under his jurisdiction to investigate the possibility of installing such a service between the San Francisco International Airport and downtown San Francisco.

Supervisor Dobbs advised that this study was presently being undertaken by private individuals and the report would most likely be released within a couple of weeks.

Discharge of Firecrackers During Celebration of Chinese New Year.

Supervisor Casey stated he received a communication from the Chinese Chamber of Commerce expressing thanks to the Police Committee for its efforts with respect to endorsing the application for permission to discharge firecrackers during the Chinese New Year parade, and also for bringing before the people the symbolic, philosophical and religious meaning of firecrackers during this season.

Request Granted.

Cost Estimate for Installing and Making Operative Sprinkler Systems Required by the Provisions of the Building Code.

Supervisor Casey remarked he had received many complaints from hotel and apartment house owners relative to the retroactive provisions of the Building Code with respect to the requirement for the installation of sprinkler systems. He stated that after the sprinkler heads were installed it then became necessary that new pipes of a larger size also be installed to carry enough pressure to make the system operative, and the cost of installation and connection with existing City services would vary from building to building, even though they were comparable.

Supervisor Casey thereupon requested that the Clerk direct a communication to the Bureau of Building Inspection, and the Water Department, asking that they submit information relative to the method used to determine cost for installation of said sprinklers and new pipes and connection with existing water services in the street.

No objection and Clerk *directed to comply*.

SPECIAL ORDER — 2:00 P. M.

Hearing of Protests—Improvement of Palmetto Avenue Between Ramsell and Victoria Streets, Including the Intersection of Palmetto Avenue and Ramsell Street.

Board of Supervisors to hear protests, if any, of all persons interested in the following described work done or in the assessment, diagram or warrant for pay of the cost of the same, or in any property affected thereby: Improvement of Palmetto Avenue between Ramsell and Victoria Streets, including the intersection of Palmetto Avenue and Ramsell Street, by the Lowrie Paving Co., Inc., as described in Declaration of Intention Order No. 59968, of the Director of Public Works, dated December 6, 1961.

File No. 101-62

The Chair inquired if there was anybody in attendance who desired to protest the improvement.

Mr. William B. Smith, 10 Ramsell Street, stated that in his opinion the street work is satisfactory, but he wished to protest the lack of landscaping in the area. The street grade is lower than it was, and excavated earth has been banked up in such a way that during rain it slides down into the paved roadway. Mr. Smith thought this condition could be eliminated by landscaping.

Mr. H. H. Beneke of the Department of Public Works stated that the street has been built to official grade and that no landscaping was included in this street improvement. He indicated that an Inspector from the Department will be sent out to look at the source of com-

plaint, and if it is found that any debris has been left in the area by the Contractor, this will be removed.

There being no other persons present who desired to protest the improvement, the Chair declared the hearing concluded.

Adopted.

The following from Streets Committee was taken up:

Motion—Confirming Warrant, Assessment and Diagram for the Improvement of Palmetto Avenue Between Ramsell and Victoria Streets, Including the Intersection of Palmetto Avenue and Ramsell Street; and Directing the Director of Public Works to Deliver Said Warrant, Assessment and Diagram to the Contractor.

Absent: Supervisor Blake—1.

Hearing Held.

SPECIAL ORDER — 2:00 P. M.

Public Hearing by the Board of Supervisors for Consideration of, and Action on Proposed Amendments to the Redevelopment Plan for the Western Addition Approved Redevelopment Project Area A-1.

File No. 72-63

Mr. M. Justin Herman, Executive Director, Redevelopment Agency, explained the nature and purpose of the proposed amendment. The amendment affects zoning of approximately 4.5 acres bounded by Geary, Octavia, Gough and Ellis Streets, and is intended to permit the construction of a new Roman Catholic Cathedral to replace St. Mary's. Mr. Herman indicated that the Redevelopment Agency has had public hearings on this proposal; that it is satisfactory to developers of adjoining property; and that it is unanimously endorsed by the Agency and the City Planning Commission.

The Chair inquired if there was anybody in attendance who desired to speak on the matter.

There being no response the Chair declared the hearing concluded.

The following presented by the Clerk was taken up:

The following recommendation of Judiciary Committee was taken up:

Salary Standardization Ordinance, Charter Sections 151 and 151.1, Effective July 1, 1963, for Miscellaneous Employees.

An ordinance fixing and determining schedules of compensation to be paid municipal officers and employees and non-certificated employees of the San Francisco Unified School District, whose offices and positions are allocated to classifications specified herein and compensations for which are subject to the provisions of Sections 151 and 151.1 of the Charter, establishing work schedules and conditions of employment, and method of payment for various work schedules; providing that the said schedules of compensation shall be effective beginning July 1, 1963.

File No. 270-62-1, Ordinance No.

Statement and Proposed Amendment by Supervisor Joseph E. Tinney, Chairman of the Judiciary Committee.

As submitted by the Civil Service Commission, the Salary and Wage Survey dated January 31, 1963, proposes salary increases for 798 classifications, which include 8,161 permanently established positions. The estimated annual cost of the increase is \$2,108,450, including retirement costs, to which must be added the cost of vacation and other benefits.

Proposed amendments to the compensation schedules and the administrative provisions of the Salary Standardization Ordinance are placed before you today by the Judiciary Committee, for reference to the Civil Service Commission. They include amendments offered by or on behalf of 695 classifications out of a total of 983 classifications, proposing increases beyond the salaries recommended by the Civil Service Commission.

On behalf of the Judiciary Committee and as recommendations thereof:

I offer as proposed amendments to said schedule of compensations all requests for adjustment supported by necessary data filed with this Board. I move that the data presented to and considered by this Board as warranting such proposed amendments, be transmitted to the Civil Service Commission for review and analysis, and report thereon to this Board not later than February 27, 1963. At the same time, the Commission shall submit a report as to what other changes, and the cost thereof, such proposed amendments would require to maintain an equitable relationship with other rates in said schedule.

For the purpose of this motion, the highest salary rate or range requested for each particular classification in said data is hereby proposed as an amendment to said schedule of compensations. The Clerk of the Board is hereby authorized and directed to tabulate such requested rates or ranges of salary and transmit such tabulation to the Civil Service Commission together with such data.

Additionally, the Clerk shall transmit to the Civil Service Commission, for similar report and recommendation, such data as have been filed with the Board in support of requests for amendments to the administrative provisions of the Salary Standardization Ordinance.

I further move that consideration of the proposed ordinance be continued until March 4, 1963, and that the Judiciary Committee in

the interim continue to consider proposed amendments to the ordinance, for consideration by the Board on March 4, 1963.

Motion carried by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Morrison, Tamaras, Tinney—11.

OFF-CALENDAR LEGISLATION.

Passed for Second Reading as Amended.

The following from Finance Committee with recommendation "Do Pass After Amendment" was presented by Supervisor Dobbs:

Appropriating (((\$65,046)) \$47,446, Recreation and Park Department, for Maintenance and Repair and Improvement, Physical Plant—Candlestick Park Stadium.

File No. 65-63-1, Ordinance No. . . .

Supervisor Dobbs explained that the Finance Committee was desirous of re-referring to Finance Committee for further consideration one appropriation item, namely \$17,600 for painting light towers and replacing defective metal gratings and walkways.

Supervisor Dobbs, seconded by Supervisor Ferdon, thereupon moved that the legislation be amended by deleting therefrom the amount of \$17,600 for painting light towers and replacing defective metal gratings and walkways, and re-referring this item to the Finance Committee.

Motion carried by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Morrison, Tamaras, Tinney—11.

Passed for Second Reading as amended, and reading as printed above, by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Morrison, Tamaras, Tinney—11.

Adopted.

The following recommendation of the Finance Committee was presented by Supervisor Dobbs:

Approving Form of Joint Invitation for Bids, Form of Bid and Form of Operating Lease Relating to the Leasing of Candlestick Park Parking Plaza for the Operation Thereon of a Public Off-Street Parking Facility.

File No. 96-63-1, Resolution No. 109-63.

Supervisor Dobbs explained that the Committee's feeling and intent in recommending subject lease is that service to the public is of prime importance. New access gates to the parking plaza are being planned by the Recreation and Park Department, and the lessees will be obligated to satisfy the Department's requirements as to supplying sufficient personnel to move customers in and out as expeditiously as possible. If this requirement is not fulfilled, the Commission will have the right to suggest cancellation of the lease.

Adopted by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Morrison, Tamaras, Tinney—11.

Passage for Second Reading.

The following recommendation of Finance Committee, heretofore considered and temporarily postponed, was taken up:

Authorizing Sale of Certain Surplus Board of Education Real Property.

(Lot 3, Block 4023, located between York and Bryant Streets, north of Nineteenth Street. Size 100 by 200 feet. Vacant land; site of old Buena Vista School.)

Mr. P. L. Rezos, Director of Property, presented details of the procedure followed by his Department in originally receiving bids for subject property; subsequently requesting rejection thereof by the Board of Supervisors; notifying bidder that his bid was rejected and returning deposit check. The reason for rejection was that the Department felt that inasmuch as only one bid in the minimum amount had been received, a better price might be obtained if the property were re-scheduled for sale.

Passed for Second Reading by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Morrison, Tamaras, Tinney—11.

Adopted.

The following recommendation of his Honor, the Mayor, was presented by the Clerk:

Motion to Re-refer.

Supervisor McMahon inquired as to whether or not owners of the property to be included in the expanded redevelopment area had been invited to attend the Committee hearing on this proposal, and upon being informed that they apparently had not, she recommended that the matter be re-referred to Committee so that this might be done prior to the Board's taking action which would place the designation

of blight on the affected property. Supervisor Morrison concurred, and seconded by Supervisor Boas, moved that the proposal be re-referred to Public Buildings, Lands and City Planning Committee.

He further requested that officials of the Police Department be advised of the plans contemplated so that they may have a full understanding thereof and may participate in presentation of recommendations thereon.

No objection and *Clerk directed to comply*.

Motion to Reconsider.

Taken Up Out of Order.

Consideration Continued.

There being no objection, on motion of Supervisor Morrison, seconded by Supervisor Boas, the following recommendation of the Public Buildings, Lands and City Planning Committee appearing on the calendar under New Business was taken up out of order:

Amending Resolution No. 782-61 Designating and Describing a Redevelopment Area Within the City and County of San Francisco to Be Known as Redevelopment Area D (South of Market).

File No. 91-63-1, Resolution No. . . .

Supervisor Morrison reminded the Board members that this matter was on their calendar last week with a "Do Pass" recommendation from the Committee, but inasmuch as there had been some question at that time as to whether or not owners of the property in the expanded area had been invited to attend the Committee hearing on this proposal, it was sent back to Committee so that this could be done. He indicated that the Committee subsequently found that all known property owners and tenants had actually been informed of the Committee hearing; that, therefore, no re-hearing was deemed necessary; and none was held.

Supervisor Halley stated that he felt the ramifications of this proposal required that more extensive notice of the Committee hearing be circulated than had apparently been done. He stated that in his opinion this proposal will affect properties in a wide surrounding area, and may involve problems for the Police and other city departments.

Supervisor Tinney commented that, in his opinion, examination of the file indicates that entirely adequate notification of the Committee hearing had been circulated and that no useful purpose would be served by rehearing the matter. He added that the Board will have ample opportunity to review the results of the study authorized by the subject resolution, and may vote to reject it if the members should see fit to do so.

Supervisor Ferdon directed the Board members' attention to the fact that when they sit as a Board of Equalization, invariably there are requests for adjustment of assessments on properties in a locality which has been designated as a possible redevelopment area, because this carries the synonym of blight. For this reason he requested that consideration be continued until a representative of the Assessor's Office could appear to comment on this possibility.

Supervisor Morrison, seconded by Supervisor Ferdon, moved that for this reason consideration be temporarily continued.

No objection and motion *carried*.

The Board resumed consideration of the calendar items in the order set forth therein.

Adopted.

The Board resumed consideration of the following recommendation of Public Buildings, Lands and City Planning Committee, heretofore considered and temporarily continued.

Amending Resolution No. 782-61 Designating and Describing a Redevelopment Area Within the City and County of San Francisco to Be Known as Redevelopment Area D (South of Market).

File No. 91-63-1, Resolution No. 132-63.

The Chair noted that Assessor R. L. Wolden and his assistant, Mr. R. Leavitt were now present and available to comment on Supervisor Ferdon's statement that in expanding the designation of the study area for the proposed South of Market Redevelopment Project (Area D) the Board may indirectly be supporting the arguments of property owners for reductions in their assessments. Mr. Wolden stated that, in his opinion, there would be requests for reduction of assessments from property owners in the area. In response to questions from Supervisors Ferdon and Halley, he indicated that there are no office buildings in the designated area and there are vacancies in some of the buildings. He stated that he understands under the proposed resolution this is to be a study area and that all property will be taxable until such time as the Board adopts a plan, and the Agency actually takes over the property. In reply to a question by Supervisor Halley, Deputy City Attorney Blanchard stated that this is merely an amendment to a previous proposal taking the initial step; following this a study must be made and a plan formulated. The plan cannot be effectuated until approved by the Board of Supervisors. At the request of Supervisor Halley, Chief Administrative Officer Duckel described proposals which were presented to the voters in 1937 for declaration of policy on the creation of additional thoroughfares at Fifth Street and Grant Avenue across Market Street. He indicated that these were turned down by the electors, although they had been favored by the City Engineer's office at that time.

Supervisor Halley, seconded by Supervisor Blake, moved that consideration of the subject resolution be held on calendar until such time as the Assessor has had an opportunity to report to the Board on his analysis of statistics presented by the Redevelopment Agency on the effect on tax revenues to the city from areas which have been the subject of redevelopment activities in San Francisco up to the present time.

Motion defeated by the following vote:

Ayes: Supervisors Blake, Halley—2.

Noes: Supervisors Boas, Casey, Ertola, Ferdon, McMahon, Morrison, Tamaras, Tinney—8.

Motion.

Supervisor Tinney, as a recommendation of the Judiciary Committee, and as a substitute for the amendments proposed by the Board of Supervisors on February 18, 1963, to the schedule of compensations

submitted by the Civil Service Commission on January 31, 1963, and revised by the Commission on February 27, 1963, moved that the compensations set forth in the Judiciary Committee recommendations be approved and adopted; that the schedule of compensations so amended be included in File No. 270-62-1, the Salary Standardization Ordinance of 1963 pursuant to Charter Sections 151 and 151.1; and that the amendments to the administrative provisions of said Ordinance, recommended by the Judiciary Committee and hereinafter more specifically set forth, be approved, adopted, and included in said Ordinance, seconded by Supervisor Morrison.

**Statement by Supervisor Tinney Relative to Salary
Standardization Ordinance.**

Your Judiciary Committee presents to you today its recommendations in connection with File No. 270-62-1, the Salary Standardization Ordinance of 1963 for Miscellaneous Employees pursuant to Sections 151 and 151.1 of the Charter.

General Classification Survey: Incorporated in the Salary Standardization Ordinance for 1963 are new classification designations for present classes where no status problems are involved. Where status problems are involved the existing alphabetical-numerical designations have been retained. When those problems are resolved it is anticipated that numerical designations solely will be assigned all classes of employments.

Administrative Provisions: The Civil Service Commission has considered and decided upon numerous and varied requests for amendments to the administrative provisions of the Salary Standardization Ordinance, affecting working conditions of the employees involved.

Culminating its considerations, the Commission has forwarded to the Board of Supervisors the administrative provisions as recommended by the Commission. A copy is before each Board member, accompanied by a letter of explanation of the recommended deletions, additions, and revisions.

The Judiciary Committee studied intensively these administrative provisions, giving careful attention to representations made both verbally and in writing by interested individuals and representatives of organizations. As a result, the Committee recommends that the Board approve and adopt only the amendments to the administrative provisions of the Salary Standardization Ordinance appearing in the copy before you.

It is the recommendation of your Judiciary Committee that such proposed amendments to the administrative provisions of the Salary Standardization Ordinance be adopted, and therefore they are included in the comprehensive motion for amendment with which I opened these remarks.

Schedule of Compensations: The Judiciary Committee presents to the Board its recommendation for amendment of the schedule of compensations. The members of the Committee have made their recommendations with a full awareness of the needs of the community, the services rendered by the employees, the requirement for maintenance of equitable relationships, and the provisions of Charter Sections 151 and 151.1.

The miscellaneous employees of the City and County of San Francisco, those covered by the Salary Standardization Ordinance before you today, number 9,957, divided into 933 classifications.

I quote a table showing, generally and approximately but as accurately as possible, the increases provided for miscellaneous employees in 1962 and those which this year are recommended by the Civil Service Commission and/or the Judiciary Committee:

Classes and Positions recommended for increases by Civil Service Commission:

	Classes	Positions	Cost of Increases	Cost of Retirement and Other Benefits
1962	633*	8,525*	\$2,099,917	\$508,843
1963	816†	9,108†	2,062,368	206,238

340 classes, 1,757 positions not included for increase by Civil Service Commission.

†167 classes, 849 positions not included for increase by Civil Service Commission.

Classes and Positions recommended for increases by Judiciary Committee, additional to those recommended by Civil Service Commission:

	Classes	Positions	Cost of Increases	Cost of Retirement and Other Benefits
1962	214	3,209	\$ 741,008	\$ 77,065
1963	156	2,119	297,384	29,738

	Classes	Positions	Cost of Increases	Cost of Retirement and Other Benefits
Total 1962 . .	745	9,245	\$2,840,925	\$585,908
Total 1963 . .	879	9,759	2,359,752	235,976

It is to be emphasized that the total costs involved will not necessarily be reflected in the forthcoming fiscal year's budget total. Many of the employees affected have not yet, nor will they in the next succeeding fiscal year or possibly three fiscal years attain the maxima of their respective salary ranges.

Your Judiciary Committee has held a considerable number of meetings in order to give mature deliberation to the important matter of salary standardization. It has conducted an exhaustive study of the data submitted by the Civil Service Commission, individual employees, other interested persons, and organizations. The counsel of all members of the Board was cordially invited at any or all of those meetings, and the Committee welcomed that which was offered. It was particularly encouraging to note that several other Board members were in attendance on the various evenings of our meetings.

The Committee is grateful for the full measure of advices which their colleagues so freely, cordially and cooperatively gave.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

MONDAY, MARCH 11, 1963 — 2:00 P. M.

In meeting of the Board of Supervisors, San Francisco, Monday, March 11, 1963, 2:00 p.m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Blake, Boas, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Morrison, Tamaras, Tinney—11.

Quorum present.

President Peter Tamaras presiding.

Presentation of Guests.

The Chair introduced the Honorable John Houlihan, Mayor of the City of Oakland, California.

Approval of Journal.

There being no objection, the Journal of Proceedings for Monday, February 25, 1963, was considered read and approved.

Tabled.

Taken Up Out of Order.

There being no objection, on motion of Supervisor Halley, seconded by Supervisor Ferdon, the following from Finance Committee without recommendation, appearing on the Calendar under New Business, was taken up out of order:

Repealing Resolution No. 423-61, Entitled "Requesting Appointment of Citizens' Committee to Consider Plans for Designation of San Francisco as a Site for the Olympic Games."

File No. 7-63, Resolution No.

Supervisor Halley, seconded by Supervisor Ferdon, moved adoption.

Supervisor Halley explained that the Finance Committee's reason for presenting the proposal to the Board without recommendation was because the committee questioned the City's ability to finance this venture and the fact that the citizens' committee appointed by the Mayor had apparently misunderstood the instructions contained in Resolution No. 423-61 in proceeding with an application that San Francisco be designated as the site for the 1968 summer Olympic Games. The Board had placed certain restraints in Resolution No. 423-61 because it had wished to have the opportunity to deliberate further as to ways and means of developing the necessary funds.

Supervisor Ferdon agreed that the citizens' committee had not acted in accordance with Resolution No. 423-61. There has been no presentation to the Board and no information furnished as to costs. Finances should be studied very carefully by the Board before any action is taken.

Supervisor Dobbs urged that the resolution before the Board be tabled. This is a very important matter for San Francisco and great benefits would be derived from having San Francisco designated as the site of the Olympic Games.

The citizens' committee has spent much time in making arrangements. Track events could be held at Stanford University. The University of California and the Cow Palace could be used. Most of the necessary facilities are available now, except for additions to Fleishhacker Pool and the building of a velodrome. The only guarantees the City has to make in its application is that the City will provide the necessary facilities for the games and will construct a village to house the participants. There is no written contract, no specific amount of money pledged. If San Francisco were selected by the national Olympic site committee and later found itself unable to meet the requirements, the City would have the right to withdraw its application before the international site committee. Supervisor Dobbs continued that in all likelihood there would be no financial loss to the city but rather a gain. Private enterprise could possibly finance a great portion of the expense, and, undoubtedly, if it became necessary, financial assistance could be had from the federal government.

Supervisor Halley, seconded by Supervisor Ferdon, moved that the resolution presently before the Board be tabled.

Supervisor Ertola, seconded by Supervisor Casey, moved the privilege of the floor for the Honorable John Houlihan, Mayor of the City of Oakland.

No objection and motion *carried*.

Mayor Houlihan stated that he is prepared to do all in his power to secure assistance of the Bay Area Council and every East Bay community in order to marshall all the resources available—even insofar as financial commitments are concerned. He urged that the Board support the citizens' committee in presenting an application to the national Olympic site committee for the 1968 games.

Thereupon the roll was called and the motion to table was *adopted* by the following vote:

Ayes: Supervisors Boas, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Tamaras, Tinney—9.

Noes: Supervisors Blake, Morrison—2.

Reference to Committee.

Ratifying Actions Taken in Furtherance of San Francisco's Bid for Selection as Site of Next Olympic Games, and Directing Further Efforts to Conclude Presentation on Behalf of Said Bid.

Supervisor Dobbs presented:

File No. 7-63, Resolution No.

Supervisor Dobbs, seconded by Supervisor McMahon, moved adoption.

The President thereupon inquired if there were any objections to immediate adoption without reference to Committee, by unanimous vote.

Supervisor Halley expressing the belief that a committee hearing should be held on the proposed resolution, the President thereupon, in accordance with the requirements of the Legislative Procedure Ordinance, directed that the proposed resolution be *referred to Finance Committee for public hearing on March 13, 1963*.

The Board resumed consideration of the calendar items in the order printed therein:

Ratifying Actions Taken in Furtherance of San Francisco's Bid for Selection as Site of Next Olympic Games, and Directing Further Efforts to Conclude Presentation on Behalf of Said Bid.

File No. 7-63, Resolution No. 152-63.

Supervisor Halley, seconded by Supervisor Ertola, moved that the Board resolve itself into a Committee of the Whole.

Motion *carried* by the following vote:

Ayes: Supervisors Boas, Casey, Dobbs, Ertola, Halley, McMahon, Morrison, Tamaras, Tinney—9.

Absent: Supervisors Blake, Ferdon—2.

Supervisor Dobbs urged approval and presented the following information for the Board's consideration: existing facilities can handle over ninety per cent of all scheduled Olympic events. The only exceptions are a velodrome and improved swimming facilities. The cost of a velodrome and providing an enclosure and seating at Fleishhacker Pool is estimated at five million dollars. The cost of a 2,000-unit Olympic Village could be financed in a number of ways. The village might be constructed at Candlestick Park by private enterprise for temporary use by the Olympic contestants and for permanent housing thereafter. The use of present housing facilities on Treasure Island or the complex of housing units at Tanforan should be investigated also.

Income from the games is estimated at about eleven-and-a-half million dollars, with an expenditure of approximately nine million dollars. Current sport seating capacity in the San Francisco Bay Area, including the University of California, Stanford University, Oakland Auditorium, and the Cow Palace are 400,000. This is more than any other city competing for the games.

In regard to dispersal of facilities, traveling time from Candlestick

Park to any of the sport arenas is not more than forty minutes. By helicopter service it would be much less.

The privilege of the floor was granted to the following:

Admiral Thomas Hamilton, a member of the United States Olympic site committee which will choose the United States entry, and who has served as an adviser to San Francisco; Mr. Harold Berliner, a member of the citizens' committee appointed by the Mayor; Mr. Stanley McCaffery, President of the Bay Area Council; and Mr. Louis Fox of the San Francisco Chamber of Commerce. All urged adoption of the measure before the Board.

Mr. Fox informed the Board that he had contacted members of the business community for their reaction. The only point made by those persons contacted was that as far as possible, existing athletic facilities should be used. The question of an Olympic Village was reviewed with a number of housing interests, who saw no difficulty in being able to schedule construction of adequate living facilities. San Francisco is confronted with a serious problem in providing substantial additional middle-income housing. Dwellings built for the games could very well be used later for such housing.

Supervisor Dobbs, seconded by Supervisor Halley, moved adoption.

Supervisor Halley, seconded by Supervisor Ertola, moved that the Committee of the Whole rise and report.

Supervisor Halley summarized that the City would be obligating itself to build a velodrome, improve Fleishhacker Pool and construct an Olympic Village for housing the participants. He went on to say that as a result of the hearings he is convinced that any efforts of the citizens committee beyond that authorized by the Board were made out of enthusiasm, with no intent to go beyond what the committee believed to be permissible.

Supervisor Morrison stated his concern on learning that the citizens' committee has decided that the city should build a 2,000-unit housing development near Candlestick Park. The committee has not sought the opinion of the City Planning Commission as to whether or not this is feasible and whether such housing should be built in this location. If the citizens' committee is going to commit the City to build this kind of housing in the Bayview District, Supervisor Morrison is opposed. If this is an open question and the citizens' committee will seek a review by the City Planning Commission of its proposals and will be guided by decisions democratically reached, then Supervisor Morrison will support the resolution.

Supervisor Dobbs explained that it is necessary in the presentation before the United States Olympic site committee to propose a specific site in order to show transportation time between the dwellings and the sites of the different sports facilities. The suggestions of Treasure Island or South of Market or any other location would have to be examined by the committee.

Admiral Hamilton stated that for the purpose of presentation to the United States Olympic site committee, it was decided that Candlestick Park area was most advantageous as a central nucleus of the athletic facilities. If there is another area which is better, it could be substituted at a subsequent time. The organizing committee merely has to provide adequate housing.

Supervisor Tinney declared that he is prepared to vote for the resolution. The question raised by Supervisor Morrison is valid, and much thought must be given to development of the Olympic Village: how it is developed, location, and future use of the site. All these questions will have to be reviewed by the Board before it is executed. This might enable San Francisco to do something really first class, something that might be a solution to the problem of providing adequate housing for persons in the middle-income bracket.

Mr. Berliner added that the committee must abide by Planning Commission decisions. The main thing now is for San Francisco to be designated as the site for the next games. The Village can be put any place that is most desirable.

Ayes: Supervisors Boas, Casey, Dobbs, Ertola, Halley, McMahon, Morrison, Tamaras, Tinney—9.

Absent: Supervisors Blake, Ferdon—2.

Amending the City Planning Code by Adding Section 105.29 Thereto. Amending the Zoning Map to Change From R-1-D and Various Other Classifications to P District, the Classes of Use Districts Applicable to Designated Public Property.

File No. 36-63, Ordinance No.

In response to inquiry of Supervisor Halley, Mr. James R. McCarthy, Director of Planning, remarked that the proposed amendment would include property which was publicly owned, and the legislation relating to property not within areas covered by zoning map refers to property not within the City and County, such as Angel Island.

Mr. Thomas Blanchard, Chief Deputy City Attorney, replying to question of Supervisor Halley, stated that the proposed legislation would not be effective to reclassify the Old Hall of Justice property to a P Use District, and after this legislation was enacted it would be necessary for the City Planning Commission to take affirmative action to include any other property within the P District. Such action would be subject to approval by the Board of Supervisors.

Supervisor Halley requested that the Clerk direct a communication to the City Attorney asking that he review the legislation and submit a report on the effects thereof, e.g., is there a delegation of legislative authority by the Board to the City Planning Commission.

No objection and Clerk *directed to comply*.

Supervisor Halley, seconded by Supervisor Casey, moved that consideration be continued for one week.

No objection and motion *carried*.

Architectural Design Competition in Connection With Hunters Point Housing Project.

Supervisor Blake requested that the Clerk direct a communication to the Redevelopment Agency and the Housing Authority, asking that they report on the feasibility of conducting an architectural contest in connection with the construction of the Hunters Point Housing Project.

Supervisor Blake stated he believed that the contractors in the Bay Area would be willing to participate, and the contest should be open to all, including those contractors who are building homes in San Jose, Santa Rosa and Fremont.

Supervisor Blake said he believed that if the City did not charge for the land, but retained the fee, it would be possible to build low income houses. In his opinion, Supervisor Blake continued, the sale price of the houses should be in the \$12,500 bracket, with approximately \$250 down; banks in San Francisco should be urged to carry the loans; any resale profit should be limited to 10 per cent of the original cost to the seller; surplus funds of the Housing Authority should be used when necessary for rehabilitation of property; the owner shall be refunded all interest previously paid when he is forced to sell his house; the Road Commissioner should contribute Gas Tax Funds for the construction of roadways; and all utility companies should cooperate to place utilities underground.

Supervisor Blake further requested that when reply is received it be referred to the Public Buildings, Lands and City Planning Committee for its consideration and action.

No objection and *Clerk directed to comply.*

Lighting of Alcatraz Island.

Supervisor Tinney stated that recently the press has pointed out the fact that the lights on Alcatraz Island have been extinguished from time to time.

Supervisor Tinney remarked that the visitors who come to San Francisco enjoy looking at the Island and it has been identified as one of the attractions of San Francisco.

Supervisor Tinney said he believed it would be proper, without expenditure of City funds, if we could have the Island lighted as an edifice so it could be seen from San Francisco at night, and it was his thinking that the Port Authority, which receives money from view point binoculars which are used to scan the bay, the San Francisco Convention and Tourists Bureau, and other organizations of San Francisco could contribute to the cost of having the Island lighted.

Supervisor Tinney thereupon requested that the Clerk address the necessary communications to the above named parties to see if this could be accomplished.

No objection and *Clerk directed to comply.*

Called Out of Committee.

Supervisor Tinney remarked he was calling out of the Public Buildings, Lands and City Planning Committee, File No. 36-63, relating to change in the use classification of property occupied by the Metropolitan Life Insurance Company, located on Stockton Street between Pine and California Streets, and the Clerk be directed to place it on the Board calendar for the meeting of Monday, April 8, 1963.

No objection and *Clerk directed to comply.*

Supervisor Boas stated that inasmuch as he would not be in attendance at next Monday's meeting he would like to explain his position on the matter. He said he was opposed to the passage of the legislation at the present time because the Metropolitan Life Insurance Company did not present any plans to the Committee to show the future development of the property, and also they stated they did not have any immediate plans for the enlargement of the existing building.

Supervisor Boas concluded by stating that until such time as the Metropolitan Life Insurance Company decides to proceed with the development of the property they are suffering no hardship by the Board's failure to change the use classification, and therefore no present action should be taken by the Board.

ADJOURNMENT.

There being no further business the Board, at the hour of 3:30 p.m., adjourned.

Reference to Committee.

Opposing Enactment of S.B. 339, Regulating the Recovery of Sand and Gravel From Tidelands.

Supervisor Morrison presented:

File No. 13-63, Resolution No.

Referred to County, State and National Affairs Committee.

Request Granted.

Report on Height and Bulk Limitation in C-3 Districts in Telegraph Hill Area as Applicable to the Metropolitan Life Insurance Company Property on Stockton Street Between Pine and California Streets.

Supervisor Morrison stated when the legislation changing the use classification of Metropolitan Life Insurance Company property comes before the Board, he intends to move that it be re-referred to the City Planning Commission on the grounds that the applicant withheld vital information from the City Planning Commission. The applicant told a good deal less than the whole truth to the City Planning Commission. They stated they had no plans for development of the property and might even sell and move elsewhere.

Representatives of Metropolitan informed the Public Buildings, Lands and City Planning Committee that if it were the Company's decision to sell, it reserved to itself the added price a C-3 use classification would bring. If favorable action is to be given to Metropolitan there is no reason why it should not be given to others who are in the same position.

Supervisor Morrison thereupon requested that the Clerk direct a communication to the Director of Planning, asking him to make disclosure to the Board of the current state of opinion of the members of his Commission with respect to desirable height and density in a C-3 Use District, especially in the area on Telegraph Hill where the Metropolitan Life Insurance Company property is located.

No objection and Clerk directed to comply.

Supervisor Morrison further requested that the Clerk direct a communication to Mario Ciampi, who is conducting the Downtown Study in conjunction with the City Planning Department, inviting him to attend the meeting of the Board on Monday, April 22, 1963, and, also, that he submit in writing prior to said meeting date, information

relative to the status of the Downtown Study with relation to the area where the Metropolitan Life Insurance Company property is located, and what his recommendations are most likely to be with respect to height and density in a C-3 Use District, especially as applicable to said Metropolitan Life Insurance Company property.

No objection and *Clerk directed to comply.*

Adopted.

Preparation of Program by the Civil Service Commission to Assist Employees Who Are Displaced Because of Automation.

Supervisor Ferdon remarked that during the current budget consideration it was apparent from various departmental requests that certain employees might be displaced because of automation. Supervisor Ferdon continued that pursuant to Section 156.1, approved by the voters at the November 1962 election, it was the duty of the Civil Service Commission to establish rules to protect such employee, but to date the Commission has not made any report showing where employees may be replaced and how they might receive supplemental employment.

Supervisor Ferdon thereupon requested that the Clerk, over the President's signature, direct a communication to the Civil Service Commission asking that they submit a report on its action to establish a program to assist employees who are laid off because of automation.

No objection and Clerk directed to comply.

Analysis of Drinking Water at San Andreas and Spring Valley Reservoirs to Determine Whether There Is Such Contamination Thereof as to Necessitate the Immediate Construction of a By-Pass Tunnel to Bring Hetch Hetchy Water Directly Into San Francisco.

Supervisor Tamaras commented on the recent newspaper article which stated that because of the run-off into the San Andreas and Crystal Springs Reservoirs, San Francisco's drinking water had fallen below safe drinking water standards as established by the Federal Government.

Supervisor Tamaras thereupon requested that the Clerk direct a communication to the Chief Administrative Officer, asking that he direct Dr. Sox to investigate and inform the Board if situations such as occurred during the heavy run-off last week would be sufficient reason for the Public Utilities Commission to advance its 1970 date for construction of a by-pass tunnel, so that Hetch Hetchy water can be brought directly into San Francisco and avoid even the slightest chance of any epidemic occurring in the future.

No objection and *Clerk directed to comply.*

ADJOURNMENT.

There being no further business the Board, at the hour of 2:55 p.m., adjourned.

ROBERT J. DOLAN, Clerk.

File No. 159-63

The privilege of the floor was granted the following:

Leon Andrini, Attorney at Law, representing the owner of the subject property.

Respondent:

Mrs. Charles B. Porter, member, City Planning Commission.

Rebuttal period was allowed each side.

Refused Adoption.

The following, presented by the Clerk, was taken up:

File No. 159-63-2, Resolution No.

Supervisor Halley, seconded by Supervisor Ertola, moved adoption.

The Chair explained the parliamentary procedure as follows: "An 'Aye' vote will disapprove the decision of the City Planning Commission and permit the change in the use classification; a 'No' vote will approve the decision of the City Planning Commission and refuse to permit the change in the use classification; it requires 8 'Aye' votes to disapprove the decision of the City Planning Commission.

Refused adoption by the following vote:

Noes: Supervisors Blake, Ferdon, McMahon, Morrison, Tinney—5.

File No. 374-61-2, Ordinance No. 98-63.

Finally Passed by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Morrison, Tamaras, Tinney—10.

Absent: Supervisor Boas—1.

Passage for Second Reading.

The following recommendations of Public Buildings, Lands and City Planning Committee, heretofore considered, were taken up:

Amending the City Planning Code by Adding Section 105.29 Thereto, Amending the Zoning Map to Change From R-1-D and Various Other Classifications, to P District, the Classes of Use Districts Applicable to Designated Public Property.

File No. 36-63, Ordinance No.

Supervisor Halley remarked he was opposed to the legislation because he believed that it was a delegation of legislative authority by the Board, and since there is no possibility that any public property will be put to a use other than for what it is now being used, there is no necessity that the legislation be enacted.

Supervisor Halley concluded by stating that the Board of Supervisors should consider each individual parcel of property when there is a request for a change in the use classification.

Supervisor Morrison stated that the question was whether the Board shall begin to plan to designate use of public property. The present zoning ordinance places most of public property in an R-1-D classification, which does not afford the City any control over the use of public property which is sold.

Supervisor Tinney said that the proposed legislation would permit the City to change the use classification before any public property is sold, and assure the City of receiving a fair price for the property when it is sold for private development.

Supervisor Blake remarked he was opposed to the legislation because he did not believe that the Board would have any control over the future classification of the property, and it would afford commercial endeavors the opportunity to encroach upon public property.

Passed for Second Reading by the following vote:

Ayes: Supervisors Casey, Dobbs, Ertola, Ferdon, McMahon, Morrison, Tamaras, Tinney—8.

Noes: Supervisors Blake, Halley—2.

Absent: Supervisor Boas—1.

Amending Section 105 of the City Planning Code, to Provide That Public Property Not Within the Area Covered by Sheets Nos. 1-13, Inclusive, of the Zoning Map, Shall Be Included in a P District.

File No. 349-62-2, Ordinance No.

Passed for Second Reading by the following vote:

Ayes: Supervisors Casey, Dobbs, Ertola, Ferdon, McMahon, Morrison, Tamaras, Tinney—8.

Noes : Supervisors Blake, Halley—2.

Absent: Supervisor Boas—1.

Passage for Second Reading.

The following, called out of Public Buildings, Lands and City Planning Committee by Supervisor Tinney, heretofore considered, was taken up:

Amending the City Planning Code by Adding Section 105.31 Thereto, Amending the Zoning Map to Change From R-5 to C-3, the Class of Use District Applicable to Property Located on East Side of Stockton Street Between Pine and California Streets.

File No. 36-63, Ordinance No.

Supervisor Tinney, seconded by Supervisor Casey, moved "Do Pass."

Supervisor Morrison, seconded by Supervisor Tinney, moved as an amendment that consideration be continued for 90 days.

Supervisor Morrison, in support of his motion to postpone, stated that at the present time Metropolitan Life Insurance Company does

not have any plans for the development of the property, nor does it intend to sell it. The only purpose of the change in the use classification is to permit Metropolitan Life Insurance Company to prepare plans for future development, and regardless of what the Board does today it does not have power to place Metropolitan in the position it desires because we do not know what recommendations will be contained in the Downtown Survey.

Supervisor Tinney remarked he was opposed to any continuance because the application has been before the Public Buildings, Lands and City Planning Committee, and the Board, for a number of months, and the time has come when the Board should act on the matter.

With respect to the Downtown Survey, Supervisor Tinney explained that the report would not be a panacea for all the ills of the Downtown District, although we all expect good things to be forthcoming therefrom.

Supervisor Ferdon said he was opposed to any further continuance, and he was convinced that if the Downtown Survey should recommend the placing of restrictions upon the C-3 classifications, Metropolitan would abide by them.

Motion to continue *defeated* by the following vote:

Ayes: Supervisors Blake, Morrison—2.

Noes: Supervisors Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Tamaras, Tinney—8.

Absent: Supervisor Boas—1.

Supervisor Tinney remarked he was in favor of the application to change the use classification, and pointed out that even the City Planning Commission admitted there was inadvertence in placing the property in an R-5 classification when the zoning ordinance was adopted in 1960.

Supervisor Tinney explained the historical background of the property, especially the fact that it has always been used for commercial purposes, and also that all of the surrounding property enjoys a C-3 classification.

Supervisor Tinney concluded by remarking that the applicant has gone on record by stating it would be bound by any refinement placed on a C-3 classification as the result of the Downtown Survey.

Supervisor Morrison stated he did not believe there was any error when the use classification was changed in 1960, but it was done so by deliberate choice of the City Planning Commission. Supervisor Morrison also pointed out the fact that Metropolitan had notice of the proposed change and had had the opportunity of appearing before the Board's committee, and also the Board itself, to protest any change; this they failed to do. Also they are in no different position from other property owners whose property was changed from commercial use to a residential use.

Supervisor Morrison remarked the majority of the Committee felt that before any change be approved, Metropolitan should present plans for future development, and since they failed to meet this obligation the use classification should not be changed.

Passed for Second Reading by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, Halley, McMahon, Tamaras, Tinney—9.

No: Supervisor Morrison—1.

Absent: Supervisor Boas—1.

Passage for Second Reading.

The following, from Public Buildings, Lands and City Planning Committee with recommendation "Do Not Pass," heretofore considered, was taken up:

(Supervisor Tinney abstained from voting in Committee.)

Amending the City Planning Code by Adding Section 105.32 Thereto, Amending the Zoning Map to Change From R-1 to C-1, the Class of Use District Applicable to Property Located on Somerset Street South of Silver Avenue.

File No. 36-62-10, Ordinance No.

Supervisor Casey, seconded by Supervisor Ferdon, moved that consideration be continued for four weeks.

Motion defeated by the following vote:

Ayes: Supervisors Casey, Dobbs, Ferdon, Morrison, Tinney—5.

Noes: Supervisors Blake, Ertola, Halley, McMahon, Tamaras—5.

Absent: Supervisor Boas—1.

Supervisor Morrison explained the proposed development of the property and stated the Committee was opposed to it because they felt any extension of commercial use in the area should be on San Bruno Avenue.

Mr. Edward Murphy, Assistant Director of Planning, explained the proposed change would extend an existing C-1 classification on Somerset Street; and the Commission was guided in its decision not only by the small amount of commercial property on Silver Avenue but also by the favorable expressions of the residents in the immediate vicinity of the subject property.

Supervisor Tinney Excused From Voting.

Supervisor Ferdon, seconded by Supervisor Casey, moved that Supervisor Tinney be excused from voting.

No objection and motion carried.

Passed for Second Reading by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Halley, McMahon, Tamaras—7.

Noes: Supervisors Ferdon, Morrison—2.

Excused from voting: Supervisor Tinney—1.

Absent: Supervisor Boas—1.

Amending Section 1259 of the Police Code, to Provide That Under Certain Conditions an Auctioneer May Engage or Utilize a Business Associate to Act as Auctioneer or Crier.

File No. 87-63, Ordinance No.

Supervisor Ferdon stated that although the legislation had been approved by the City Attorney and the Police Commission, he was still not satisfied with the drafting and believed it was ambiguous.

Passed for Second Reading by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Halley, McMahon, Morrison, Tamaras, Tinney—9.

No: Supervisor Ferdon—1.

Absent: Supervisor Boas—1.

The Board resumed consideration of the Calendar items in the order set forth therein.

The members of the Finance Committee have reviewed each item as their individual consciences dictated, in what each deemed the best interests of the community, and have agreed that their recommendations shall come to the Board with complete unanimity.

Budget Totals and Tax Rate: Departmental budget requests for \$342,690,637 and supplemental budget requests for \$2,171,008, submitted to the Mayor, totaled \$344,861,645, an increase of \$22,142,174 over the current budget.

The Mayor approved \$324,552,021 of the budget requests and \$1,330,467 of the supplemental budget requests, or a total of \$325,882,488, including salary standardization adjustments to date but excluding bond funds.

The Finance Committee recommends an additional \$3,229,058 reduction of budget requests and \$171,266 of supplemental budget requests, or a total of \$3,400,324. This is subject to certain adjustments which will be computed by the Controller in due course.

We cite the following examples of the budget items over which, among others, the Board has no control: Board of Education budget (\$63,134,666) subject to possible increase for salary and other purposes; salary requirements for all employees, including increments made mandatory by the voters' approval of various Charter salary standardization methods (\$169,251,381); retirement contributions (\$15,975,262); Health Service System contributions (\$1,926,656); Social Security contributions (\$2,431,556); cost of constructing, maintaining and improving libraries (\$612,249); parks and squares (\$1,530,624); playgrounds (\$1,071,437); Art Commission, for a symphony orchestra (\$76,531); streets, sewers and buildings (\$9,732,672); elections (\$698,403); civil service (\$76,531); San Francisco Bay Area Air Pollution Control District (\$141,076); bond interest and redemption (\$34,635,549).

The absence of Supervisorial control over these items and others stresses the correlative that there is a relatively minor portion of the total budget over which the Board may exert any control. The Board's jurisdiction extends mainly to items for contractual services, personal services, equipment, materials and supplies, and capital expenditures.

Nevertheless, a determined effort has been made to hold the line and prevent an increase in the tax rate which will be computed in September following ascertainment of revenue and other adjustments.

In order that all the members of the Board may have an opportunity to consider in complete detail the Committee's recommended changes in relation to the entire budget, the Committee has completed its review of the budget almost a week before adoption is required. The Charter provides that the Board shall adopt the budget not earlier than the 15th day of May. Because of deadlines which must be met for the preparation and printing of the Annual Appropriation Ordinance and the Annual Salary Ordinance, the budget must be adopted this year on Wednesday, May 15th.

Motion to Continue Consideration.

I move that consideration of the budget be scheduled for a recessed Board meeting to be held on Wednesday, May 15th, as a Special Order of Business at 3:00 P. M. On May 15th, I will move that the budget, as amended by the Board, be adopted.

The following, from Finance Committee with recommendation "Do Pass After Amendment," heretofore considered, was taken up:

Annual Budget of the City and County of San Francisco for the Fiscal Year 1963-1964.

File No. 100-63

Supervisor Dobbs: The Finance Committee sought to examine as carefully and conscientiously as possible the various items in the budget. The Committee has tried to reach a conclusion that would give San Francisco all of the services it needs, the personnel, provide adequate maintenance of public buildings, and add those improvements necessary for the operation of San Francisco. There will be cases where the Committee will be required during the period immediately after July, to hear items which, because of the development of new evidence, will be important for Committee reconsideration.

The Finance Committee hopes that with the amendments which have been offered the budget will be accepted.

The Clerk explained that the Finance Committee had made the following additional amendments which should be included in the lists of Finance Committee recommendations:

Superior Court—Page 212, line 25, Printing of Court Calendars, reduce from \$13,944 to \$6,972.

Municipal Court—Page 113, line 3, Printing Court Calendars, change Finance Committee's recommendation from \$9,223 to Nil, to \$9,223 to \$4,612.

Municipal Court—Page 114, line 22, Reference Books, change Finance Committee's recommendation from \$15,000 to \$8,500, to \$15,000 to \$10,000.

The following recommendation of Public Health and Welfare Committee was taken up:

Urging the State Legislature to Establish a Commission to Administer State Laws Against Housing Discrimination.

File No. 79-63-1, Resolution No. . . .

Communications.

The Clerk presented communications from the Central Council of Civic Clubs, Associated Home Builders, Inc., San Francisco Real Estate Board, Hotel Association, and Apartment House Associations Consolidated, requesting that the legislation be re-referred to Committee for further hearing because of failure to hold a Committee meeting to permit expression of views on the final draft of the proposal.

Ordered filed.

Supervisor McMahon explained that the Committee had changed the legislation by deleting reference to substandard, unhealthful, unsanitary and crowded conditions in housing accommodations in San Francisco, and thereafter recommended the matter to the Board.

Supervisor Halley remarked that AB 1240, providing for the establishment of a Commission to administer anti-discrimination laws in housing, contains language which was deleted from the legislation as originally considered by the Public Health and Welfare Committee, and also the language making reference to discrimination in public schools would not be applicable to San Francisco.

Supervisor Halley suggested that the Board recommend an amendment to AB 1240 to delete such language.

Supervisor Halley called attention to the newspaper article reporting a meeting whereat Mr. Terry Francois commented on alleged happenings at Birmingham, and reported him as stating he saw State troopers in Birmingham beat a Negro woman with rifle butts and bayonet a Negro man standing innocently on a sidewalk.

Supervisor Halley requested that the Clerk contact Mr. Francois and ask that he furnish the Board with an affidavit stating that he was correctly quoted in the paper, and he was an eyewitness to the alleged beating and bayoneting.

Supervisor Halley concluded by stating he did not believe this type of legislation would serve any purpose but a political purpose, and would accomplish nothing but failure.

Supervisor McMahon explained that while the Committee is not recommending the enactment of AB 1240, it was the opinion of the Committee that the existing laws could not be adequately enforced without a Commission to administer them.

Supervisor Halley suggested that AB 1240 be amended by deleting reference to discrimination in public schools.

Supervisor Ferdon remarked that the Board could not amend the bill because it would be interfering with a finding of fact by the Legislature.

Supervisor Tinney, seconded by Supervisor Halley, moved that consideration be temporarily postponed until the City Attorney could ascertain whether or not the Unruh and Hawkins Acts provided authority for the Attorney General to enforce the provisions of said Acts.

No objection and motion carried.

Passage for Second Reading.

The following recommendations of Public Health and Welfare Committee were taken up:

Authorizing Amendments to Existing Contracts With St. Francis Memorial Hospital, Presbyterian Medical Center and St. Mary's Hospital, Relating to Out-Patient Psychiatric Services, to Provide for Increased Maximum Reimbursement Per Authorized Clinic Visit; Extension of Reimbursement Period; and Revision of Method of Fee Computation.

Passed for Second Reading by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, McMahon, Morrison, Tamaras, Tinney—9.

Absent: Supervisors Boas, Halley—2.

Adopted.

The following recommendations of Public Buildings, Lands and City Planning Committee were taken up:

Requesting Redevelopment Agency to Initiate Request for Funds for Purpose of Preparing an Application to the United States Housing and Home Finance Agency, for Financial Assistance in Conducting a General Neighborhood Renewal Program.

File No. 31-62-1, Resolution No. 286-63.

Mr. M. Justin Herman, Executive Director of the Redevelopment Agency, explained the procedure which would be followed in undertaking the renewal program, and the necessity for coordinating such programming with the Community Renewal Program and the proposed construction of the rapid transit facilities. Mr. Herman explained that by initiating the study under the General Neighborhood Renewal Plan the City would be able to recapture additional credits.

Supervisor Ferdon stated that in his opinion the study would be a duplication of the Community Renewal Program, also he was opposed to the size of the area which is being recommended for study.

Supervisor Ferdon further pointed out that there might be conflict between the construction program for the rapid transit facilities and the renewal time table, and the City would have to subject its wishes to those of the Rapid Transit District.

Supervisor Blake questioned the advisability of including areas which will not be served by the rapid transit system, and stated he believed that the Down Town Study would supply the necessary information.

Supervisor Halley cautioned the Board to proceed with care in designating the area as an area for renewal because it might result in a deflating of valuation of the property and a resulting decrease in the assessment of said property.

Supervisor Dobbs said it was imperative that all of the plans proceed at once and avoid the necessity of reentering the area and completing what should have been done in the first place.

Supervisor Tinney commented that the only objection seems to be to the apparent bigness of the area, but it is necessary that a large area be designated from which smaller specific areas can be picked for redevelopment.

Adopted by the following vote:

Ayes: Supervisors Casey, Dobbs, Ertola, McMahon, Morrison, Tamaras, Tinney—7.

Noes: Supervisors Blake, Ferdon, Halley—3.

Absent: Supervisor Boas—1.

Providing that the Mission District Shall Receive the Highest Priority in the Proposed General Neighborhood Renewal Plan.

File No. 31-62, Resolution No. 285-63.

Adopted by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, McMahon, Morrison, Tamaras, Tinney—8.

Noes: Supervisors Ferdon, Halley—2.

Absent: Supervisor Boas—1.

Adopted as Amended.

The Board resumed consideration of the following recommendation of Public Health and Welfare Committee, heretofore considered and temporarily postponed.

Urging the State Legislature to Establish a Commission to Administer State Laws Against Housing Discrimination.

File No. 79-63-1, Resolution No. 291-63.

In response to previous inquiry of Supervisor Tinney, Mr. Thomas Blanchard advised that he had reviewed the Unruh and Hawkins Acts, and in neither one is the Attorney General given special authority of enforcement.

Supervisor Halley, seconded by Supervisor McMahon, moved that the legislation be amended by adding a Further Resolved to read as follows:

"FURTHER RESOLVED, That the Board of Supervisors of the City and County of San Francisco, in adopting this resolution, do hereby declare that it does not subscribe to the following findings included in A.B. No. 1240 now pending before the State Legislature nor to any identical or substantially similar findings included in related legislation which may be considered or enacted by the State Legislature: 'In enacting this part, the Legislature finds that, because of discrimination in housing, many persons in this State live in segregated sections under substandard, unhealthful, unsanitary, and crowded conditions; that these conditions have caused increased rates of crime, disease, fire, and juvenile delinquency in certain sections of this State; and that discrimination in housing necessarily results in other kinds of discrimination, such as discrimination in public schools; and that, for these reasons and others, discrimination in housing is incompatible with, and contrary to, the welfare, health, and peace of the people of this State.'"

Supervisor Morrison urged defeat of the motion because in committee it had been agreed that there was discrimination in housing in San Francisco, but there was no meeting of the minds with respect to the extent of it.

Motion *carried* by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Halley, McMahon, Tinney—6.

Noes: Supervisors Dobbs, Ferdon, Morrison, Tamaras—4.

Absent: Supervisor Boas—1.

Supervisor Blake requested that the Clerk direct a communication to the Director of Public Works and the Director of Public Health asking that they submit information showing the location of substandard houses in San Francisco, and advise of the steps which are being taken to see that said housing facilities are brought into compliance with the provisions of the Building Code.

No objection and Clerk *directed to comply*.

Adopted as amended by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, McMahon, Morrison, Tamaras, Tinney—9.

No: Supervisor Halley—1.

Absent: Supervisor Boas—1.

Supervisor Halley, seconded by Supervisor Ertola, moved that the State Legislative Representative be directed to petition the Legislature to implement the Unruh and Hawkins Acts so it would be an obligation on the enforcing agencies of the State, i.e., Attorney General and District Attorneys, to enforce the provisions thereof, and to include the necessary provisions for penalties for violations.

Supervisor Ferdon remarked he was opposed to the motion because by the very nature of the legislation its enforcement is dependent upon the filing of a complaint by one person against another.

Supervisor Halley requested permission to withdraw his motion.

No objection and request *granted*.

Taken Up Out of Order.

Adopted.

There being no objection, on motion of Supervisor Halley, seconded by Supervisor Blake, the following off-calendar matter was taken up out of order.

Consideration Continued.

The following, presented by the Clerk, was taken up:

Amending Ordinance No. 9359 (Series of 1939), Approving the Redevelopment Plan for the Diamond Heights Approved Redevelopment Project Area B-1, by Adding Additional Density Classifications to Permit Construction of Rental Row Apartments; by Changing Time Limitation Within Which Alternate Uses Under Said Redevelopment Plan Shall Become Effective; and by Reclassifying Various Land Use Designations.

File No. 70-63-3. Ordinance No. . . .

In response to inquiry by Supervisor Ferdon, Mr. M. Justin Herman explained that the proposed amendment to give the Redevelopment Agency the option to determine when alternate uses shall become effective, was to give the Library Commission additional time within which to construct a library in the Diamond Heights Area.

Supervisor Ferdon remarked he believed that the option being given to the Redevelopment Agency was too broad, and before he could vote on the matter he would have to have additional time to study all of the ramifications.

Supervisor Ferdon requested that the Clerk direct a communication to the Assessor asking that he review the proposed amendment to the Plan, and submit information showing the difference between the assessed valuation of the Project as originally planned, and the Project as amended.

No objection and *Clerk directed to comply.*

Supervisor Dobbs, seconded by Supervisor Ferdon, moved that consideration be continued for two weeks.

In response to inquiry by Supervisor McMahon, Mr. Herman explained that there would be no party walls in the Project, and remarked he would unequivocally state that the project would comply with all regulations and restrictions set forth in the Building and City Planning Codes.

Mr. Herman continued, that with respect to the 17-foot lots the houses would not be constructed on the property line, but would be set back.

Supervisor Tinney requested that the Clerk direct a communication to the Assessor asking that he investigate the proposal, and have a representative in attendance at the Board meeting on June 10th prepared to answer questions which might be asked by members of the Board.

No objection and *Clerk directed to comply.*

Supervisor Tinney requested that the Clerk direct a communication to the Redevelopment Agency asking that they prepare more readable charts or larger charts showing the proposed amendments to the Plan.

No objection and *Clerk directed to comply.*

Supervisor Ertola requested that the Clerk direct a communication to the Redevelopment Agency asking that they prepare and present to the Board a visual model of the proposed type of construction planned for Diamond Heights.

No objection and *Clerk directed to comply.*

There being no objection, the motion to continue consideration to June 10th was adopted by unanimous vote.

Supervisor Dobbs Excused From Attendance.

No objection and request *granted.*

SPECIAL ORDER—2:00 P. M.

The following, presented by the Clerk, was taken up:

Amending Ordinance No. 9359 (Series of 1939), Approving the Redevelopment Plan for the Diamond Heights Approved Redevelopment Project Area B-1, by Adding Additional Density Classifications to Permit Construction of Rental Row Apartments; by Changing Time Limitation Within Which Alternate Uses Under Said Redevelopment Plan Shall Become Effective; and by Reclassifying Various Land Use Designations.

File No. 70-63-3, Ordinance No. . . .

Communications.

The Clerk presented a petition protesting the proposed rezoning of portions of the Diamond Heights Redevelopment Area, and a communication from the San Francisco Real Estate Board requesting that the proposal be referred to a committee of the Board for more detailed study.

Ordered *filed*.

Supervisor Dobbs stated that while he is satisfied that San Francisco does support and should have moderate-priced housing, it is very difficult to visualize from drawings what the proposed development will look like. The appearance of the city is important enough that a model should be prepared of this particular area and, in fact, in every area where this kind of housing is to be built.

Supervisor Dobbs, seconded by Supervisor Ferdon, moved that the matter be held over until such time as the Redevelopment Agency is prepared to submit a model for Board review and examination after public display thereof.

Supervisor Ferdon stated that in his opinion the directive of the Board in 1961 called for approval by the Board of Supervisors before any sale of property. Supervisor Ferdon, seconded by Supervisor Dobbs, moved that as a substitute for the pending motion, the matter be re-referred to the Redevelopment Agency for preparation and submission of a model for Board review and examination after public display thereof.

Supervisor Dobbs thereupon requested permission to withdraw his motion.

No objection and request *granted*.

In response to inquiry of Supervisor Tinney, Deputy City Attorney Thomas Blanchard called the Board's attention to the fact that there is no provision under the Redevelopment Law for re-referral to the Redevelopment Agency. The matter is now under the jurisdiction of the Board and the only action the Board can take is to approve or reject the proposal before it.

Supervisor Ferdon referred to Resolution No. 622-61, adopted by the Board of Supervisors September 25, 1961, endorsing in principle a policy of disposition of certain property in the Diamond Heights Approved Redevelopment Project at less than market value to facilitate construction of moderate priced housing, and requested that the City Attorney give the Board his opinion as to the legal effect of said resolution.

Supervisor Ferdon thereupon requested permission to withdraw his motion.

No objection and request *granted*.

Supervisor Ferdon, seconded by Supervisor Dobbs, moved that consideration be continued until such time as the Redevelopment Agency prepares and submits to the Board for its perusal a visual model showing the proposed type of construction in the area designated for moderate income housing and how it fits into the perspective of the area, and responds to interrogatories to be submitted by the various members of the Board.

Motion *adopted* by the following vote:

Ayes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, McMahon, Tamaras, Tinney—8.

No: Supervisor Morrison—1.

Absent: Supervisors Boas, Halley—2.

Hearing Held.

Motion Ruled Out of Order.

Requesting Investigation Into the Necessity of Appointment of Additional Police Officers to Patrol the Streets of San Francisco.

File No. 246-63, Resolution No.

Supervisor Tinney reported that the proposed resolution had been referred to Judiciary Committee for the purpose of ascertaining the legality of the Board's making such a request; that the City Attorney has now advised by letter dated June 17, 1963, that there is no legal prohibition against the Board of Supervisors' requesting opinions of officers of the city and county with relation to the affairs of the city and county that are under the control of the Board of Supervisors; and that the Judiciary Committee therefore is reporting such information to the Board without further comment.

Supervisor Blake moved adoption of the resolution.

The Chair ruled the motion to adopt and any discussion and vote on this proposal out of order. It is his understanding that the resolution has been referred to the Judiciary Committee, that the Committee has held a public hearing on it, but has not reported it back to the Board, and that the Committee Chairman has merely called attention to the City Attorney's letter by way of submitting interim information. The resolution still being in Committee, under the rules of the Board it may not be called out of Committee by a member of the Board until the expiration of thirty days from the date of such referral.

Supervisor Morrison moved suspension of the rules so that this matter could be considered.

The Chair ruled the motion out of order.

Motion to Divide the Question.

Supervisor Dobbs explained that the City is presently leasing 66 street cars. City has the option of purchasing the cars now at \$100 each or of waiting until the termination of the lease period—which is two-and-a-half years from now—to enter into an agreement to purchase the cars at a mutually agreeable price. Supervisor Ferdon believes that the City should not purchase the street cars at this time but should wait until the end of the lease period at which time he believes the cars can probably be purchased at a lower price.

Supervisor Ferdon, seconded by Supervisor Dobbs, moved division of the question with respect to the appropriation of \$6,600 for the Municipal Railway.

Report of State Division of Highways on the Current Status of the Panhandle Parkway and Crosstown Tunnel Studies.

File No. 582-59

An illustrated presentation supplementing the second progress report on the Panhandle Parkway and Crosstown Tunnel study was made by the following representatives of the California State Division of Highways: Mr. J. P. Sinclair, Assistant State Highway Engineer, Mr. C. F. Greene, District Engineer, and Mr. Burch Bacholdt, Assistant District Engineer. Mr. Lawrence Halprin, landscape architect and consultant to the State Division of Highways, summarized and illustrated the principles indicated by his work to date.

Reference to Committee.

Endorsing Construction of Pacific Heights Vehicular Tunnel and Improvement of Approaches to Golden Gate Bridge.

Supervisor Blake presented:

File No. 582-59-5, Resolution No.

Supervisor Blake called the Board's attention to the communication from the State Department of Public Works advising that the State is ready to proceed with improvement of the San Francisco approaches to the Golden Gate Bridge between Lyon Street and the bridge toll plaza only if the City will grant approval for construction of the entire portion of the interstate highway system within San Francisco.

Supervisor Blake continued that the State Department of Public Works has further advised that if approval of the whole route cannot be given by the City, Federal funds for improvement of the Golden Gate Bridge approaches will not be made available and this project will be dropped from the current State budget and available funds transferred to other projects.

Supervisor Blake, seconded by Supervisor Ertola, moved adoption of this resolution in order that City policy may be established in regard to location of the portion of the interstate highway system within San Francisco, thereby retaining Federal funds for improvement of the bridge approaches.

Supervisor Tinney objected to immediate consideration of the resolution and requested that it be referred to committee, since adoption of a freeway route would affect many thousands of persons and should be the subject of full public hearing before Board action.

Referred to Streets Committee.

Supervisor Halley, seconded by Supervisor Tinney, moved that the Board of Supervisors now sit as a County Board of Equalization to equalize assessment of property on the local assessment rolls.

Rules of Procedure.

The Chair explained that the Board would hear first from applicant or representative as to reasons why assessments should be equalized. Thereafter, the Assessor will be heard, then the Director of Property, who has caused independent private appraisals to be made of each property which is the subject of application. The Board may take the application under advisement, grant, deny or modify it. At the conclusion of hearing, the Board will recess until next Monday when concluding hearing will be held.

Saul Perliff, representing Crocker-Anglo National Bank, was examined under oath as to the value of the property, stating that

applicant objects to the inclusion of IBM computers as part of the real property, considering the computers to be personal property.

Russell L. Wolden, Assessor, informed the Board that this question is before the courts now. In the meantime, Assessors throughout the state have agreed to treat this type of installation as improvements and therefore as part of the real property. In this particular instance, since banks do not pay personal property taxes, this equipment would not be subject to taxation if it were classed as personal property. Mr. Wolden further testified that to his knowledge, heavy equipment is always assessed as real estate.

The Director of Property stated that he was not prepared to make a statement on this type of property.

Supervisor Ferdon, seconded by Supervisor Ertola, moved that the application be taken under advisement.

Motion *carried* by the following vote:

The applicant, Ruth Jensen Murillo, was examined under oath as to the value of the property, and the Director of Property recommended no reduction of the assessment.

Supervisor Ertola requested information as to income received from property at 3471 Twenty-first Street, to which Mrs. Murillo compared her property. The information was not available.

Supervisor Dobbs, seconded by Supervisor Ertola, moved that consideration be continued one week.

Motion *carried* by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Ferdon, Halley, Morrison, Tamaras, Tinney—10.

Absent: Supervisor McMahon—1.

21.	City of San Francisco Uptown Parking Corp.	(Possessory Interest \$1,108,900)
22.	City of San Francisco Downtown Parking Corp.	(Possessory Interest \$640,700)

Noting that the matter of possessory interest for the year 1962 for the City of San Francisco Uptown Parking Corporation and the City of San Francisco Downtown Parking Corporation is before the courts and that a decision may be rendered within a few days, Supervisor Blake, seconded by Supervisor Ertola, moved that consideration be continued one week.

Mr. H. Kelly Ogle, Attorney at Law, representing both applicants, stated that in his opinion each of these equalization proceedings is a separate proceeding and a court judgment would control only insofar as the proceeding on which it was rendered.

The Assessor expressed his belief that this proceeding would undoubtedly be made the subject of a court action and suggested that consideration be postponed one week so that a transcript can be made of the hearing.

Mr. Stephan C. Leonoudakis, Attorney at Law, stated that he would be pleased to provide a reporter next week to record the proceedings. There being no objection, the Chair granted permission to record the proceedings, subject to the usual proviso that a copy of the transcript be furnished to the Board for its record.

SPECIAL ORDER—2:00 P. M.

Board of Supervisors Sitting as a County Board of Equalization.
File No. 300-63

Motion to Sit as a County Board of Equalization.

Supervisor Ertola, seconded by Supervisor Dobbs, moved that the Board of Supervisors now sit as a County Board of Equalization to equalize assessment of property on the local assessment rolls.

Motion *carried* by the following vote:

Ayes: Supervisors Boas, Casey, Dobbs, Ertola, Moore, Morrison, Tamaras, Tinney—8.

Absent: Supervisors Blake, Ferdon, McMahon—3.

Consideration Continued.

There being no objection, on motion of Supervisor Casey, seconded by Supervisor Dobbs, the following applications were taken up out of order:

No.	Name of Applicant	Equalization Requested
21.	City of San Francisco Uptown Parking Corp.	(Possessory Interest \$1,108,900)
22.	City of San Francisco Downtown Parking Corp. . . .	(Possessory Interest \$640,700)

Supervisor Casey, seconded by Supervisor Dobbs, moved that consideration be continued one week for presence of Deputy City Attorney Orville Wright.

There being no objection, the Chair permitted Mr. H. Kelly Ogle, Attorney at Law, representing both applicants, to speak on the motion.

Mr. Ogle spoke in opposition to continuance. It was Mr. Ogle's understanding that only one more week remains in which the Board may act. This would not allow sufficient time if additional information were required by the Board.

In response to an inquiry by Supervisor Dobbs, Deputy City Attorney Thomas Blanchard informed the Board that while formerly it was the rule that equalization matters must be heard within twenty days after the third Monday in July, Section 155 of the Revenue and Taxation Code had been amended, and the County Board of Equalization may now act within thirty days after the third Monday in July.

Mr. Ogle stated that in view of the fact that there are two remaining weeks within which the Board may act, he would withdraw his objection to continuance, provided the Assessor would read into the record at that time his department's assessment valuations. Otherwise, Mr. Ogle stated that he was prepared to proceed.

In response to an inquiry by Supervisor Dobbs, Mr. Blanchard stated that Mr. Ogle was within his rights in asking for information from the Assessor and if the information is available, the Assessor should furnish it.

Mr. Blanchard also stated that a memorandum opinion had been rendered in the Superior Court overruling the Board's determination of last year in reducing the possessory interest of these two appli-

cants to nil. Mr. Blanchard pointed out that the memorandum opinion must be followed by a Writ of Mandate to restore the assessment that was eliminated last year and that determinations must still be made as to whether or not an appeal should be taken from the judgment when it is formally rendered. These are matters for the Board to decide, but should be explored further on receipt of the final judgment. However, this does not preclude the taking of testimony at the present time.

Mr. Blanchard further pointed out that there were three members of the Board absent. The rules provide that matters heard by the County Board of Equalization must be decided by the same members who hear the testimony, although this rule may be waived by the applicant.

In response to an inquiry by Supervisor Dobbs as to whether or not applicant has any objection to absent members joining a decision on the application, Mr. Ogle replied that if the Assessor would furnish the requested information at that time, he would recommend that consideration be continued one week so that all Board members who hear the presentation could be present to vote on the application.

No objection and permission *granted*.

Supervisor Blake, seconded by Supervisor Morrison, moved that the application be denied.

H. Kelly Ogle, attorney for the applicant, noting that Supervisor McMahon had been absent at the previous session when evidence on this application was given, requested that the Chair inquire of the City Attorney whether or not there is any legal question with respect to Supervisor McMahon's voting on this application.

Deputy City Attorney Blanchard quoted Rule 14 and stated that it was competent for the applicant to agree that Supervisor McMahon vote if he was satisfied that she was aware of what took place in the proceedings.

Mr. Ogle stated that he had no objection to Supervisor McMahon's voting on this application.

The Chair ruled that, since all members have not heard all the arguments, both applicant and Assessor, in that order, would be given ten minutes each to summarize their case.

H. Kelly Ogle proceeded with a summary of his arguments on behalf of the applicant.

Stephan C. Leonoudakis requested permission to introduce a written appraisal of the applicant's property prepared by Mr. O. C. Brothers. Supervisor Tinney objected to the introduction of such evidence, since Mr. Brothers was not present and could not be examined as to his qualifications or the contents of the writing. In response to a question by the Chair, Deputy City Attorney Thomas Blanchard quoted from Rule 8, and concluded that Supervisor Tinney's objection was well taken.

Samuel Ducca, on questions by Deputy City Attorney Orville Wright, testified as to the value of the property in question and on the capitalization-of-income approach to figuring the value of the property.

Supervisor Dobbs, as a substitute for the pending motion to deny the application, seconded by Supervisor Tinney, moved that consideration be continued one week in order that the applicant might have an opportunity to review the additional evidence presented.

Mr. Leonoudakis requested that if consideration were continued, he be permitted to have Mr. Brothers testify next week. There being no objection, the request was granted.

File No. 300-63

(Concluding session of annual meeting to equalize assessment of property on the local assessment roll.)

Motion to Sit as a County Board of Equalization.

Supervisor Ertola, seconded by Supervisor Casey, moved that the Board of Supervisors now sit as a County Board of Equalization to equalize assessment of property on the local assessment rolls.

Motion *carried* by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Ferdon, McMahon, Moore, Morrison, Tamaras, Tinney—11.

Mr. Stephan C. Leonoudakis, attorney representing the San Francisco Garage and Parking Association, requested permission of the Board for the court reporter engaged by him to record the proceedings, a copy of the transcript to be furnished to the Board.

No objection and permission *granted*.

The Chair advised the applicant that the hearing was solely for the purpose of presenting evidence in answer to the new testimony given by the Assessor and to present evidence by Oscar C. Brothers.

H. Kelly Ogle, attorney for the applicant, questioned F. Burt Hulting, Real Estate Appraiser, and Samuel Ducca of the Assessor's

office, on the method described by Mr. Ducca last week in determining the possessory interest of the applicant. Mr. Ogle then questioned J. Mortimer Clark, Real Estate Appraiser, on the capitalization of income theory of appraisal.

Oscar C. Brothers, Appraiser and Valuation Consultant, under questioning by both Mr. Leonoudakis and Mr. Ogle, testified as to the valuation of the property.

Russell L. Wolden, Assessor, read into the record a letter from the San Francisco Real Estate Board supporting the Assessor's valuation of the possessory interest.

Nathan Cooper of the Controller's office explained the effect of reduction of the assessment on the tax roll and the savings which would result from faster reduction of the debt on these properties. Mr. Cooper stated that prior to 1961 the Union Square Garage was under the control of a non-profit corporation, and during that period the assessment was levied against the non-profit corporation and taxes were paid by the operator of the garage.

Supervisor Blake, seconded by Supervisor Morrison, moved that the application be denied.

Motion *defeated* by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Morrison—4.

Noes: Supervisors Boas, Dobbs, Ferdon, McMahon, Moore, Tamaras, Tinney—7.

22.	City of San Francisco Downtown Parking Corp.	(Possessory Interest \$640,700)

In order to expedite the hearing, Orville Wright, Deputy City Attorney representing the Assessor, stipulated that all applicant's documents were introduced in evidence and that all documents to be given by Mr. Ogle could be adopted from the record of the hearing on Application No. 21.

H. Kelly Ogle, attorney for the applicant, stated his agreement on the basis that all notes will be included in the record.

Russell L. Wolden, Assessor, stated his desire to expedite the hearing and agreed that his department's valuations be placed in the record.

Stephan C. Leonoudakis, attorney representing the San Francisco Garage and Parking Association, offered for the record Oscar C. Brothers' analysis of the valuation of this property.

Upon the question being raised, Walter Kaplan, President of the City of San Francisco Downtown Parking Corporation, informed the Board that this application had not been withdrawn.

Wallace Wortman, Assistant Director of Property, offered for the record the written report of the Director of Property stating his belief that the possessory interest was of nominal or no value.

Supervisor Tinney, seconded by Supervisor Ferdon, moved that the possessory interest be reduced from \$640,700 to nil.

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR RE- PORTED UPON BY A COMMITTEE.

Sufficiency of Medical Care Being Rendered by City and County Medical Institutions.

Supervisor Blake expressed his concern about the quality and quantity of medical care being furnished by the medical institutions of the City and County of San Francisco, particularly in view of the fact that the Federal Government has passed legislation requiring that more service be given to those in need.

Chief Administrative Officer Sherman P. Duckel explained that a study is presently being undertaken by a committee which includes hospital administrators of all voluntary hospitals in the city, including the University of California, in order to determine what facilities are needed and what is available.

Mr. Duckel continued that actually the City and County physical plants are in excellent condition. However, the type of facility the City has is not proper for the new types of medical care being developed. What is being considered now is replacement of the hospital—not rehabilitation—and possibly consolidation of San Francisco General Hospital, Hassler Health Home and Laguna Honda Hospital on one site. However, this is a long-range plan and must await the outcome of current studies.

File No. 218-63

The Clerk presented a communication from the San Francisco Municipal Conference opposing the submission of a Charter amendment which would eliminate the social security offset in the City and County Retirement System.

Supervisor Tinney explained that it is the viewpoint of City employees that in many instances, employees are paying far more than they can ever collect and that any additional monies paid by the City will be taken from the profit the City is currently making, primarily at the expense of the lower-salaried employees.

In response to questions by Supervisor Ferdon, Virgil M. Griffin, Actuary, City and County Retirement System, stated that the elimination of the offset provision would cost the City approximately three million dollars, that there is at the present time a net gain to the City of approximately one million dollars.

File No. 228-63-1

In response to questions by Supervisors Blake and Ferdon, Deputy City Attorney Thomas Blanchard explained that at the present time Section 222 of the Charter would not permit a professional member of a City board or commission to contract for private professional services on a job which might come before a board or commission of which he was a member. This type of problem would be much more likely to occur in the case of a professional man than a businessman. The Charter amendment under consideration would make it possible for such a professional person to take such employment.

Supervisors Blake and Moore stated their opinions that it would be preferable to limit these provisions solely to the proposed architect member of the City Planning Commission

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS
NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Request Granted.

IMPOSITION OF LOCAL VEHICLE TAX.

Supervisor Blake requested that the Finance Committee reconsider the terms of S.B. 344 which provide that City may adopt a local vehicle license fee ordinance, with particular reference to possible use of revenues derived therefrom to finance the study of provision of rapid transit facilities to the San Francisco International Airport.

Supervisor Tamaras, in turn, joined in this request and urged that the Committee give consideration to the questions of whether or not such revenues might be used for local transit, such as

MONDAY, SEPTEMBER 16, 1963

Municipal Railway; whether the law would allow San Francisco to use all or part of its present gasoline tax revenues to make the Municipal Railway qualify for such additional funds, if it does not now so qualify; whether such a new tax would cause a shift of automobile registrations from San Francisco with a resultant reduction in gasoline tax fund allocations to the City and County; and how revenues would be apportioned between the three counties of the Bay Area Rapid Transit District.

No objection and REQUEST GRANTED.

ENCOURAGEMENT OF PROGRAMS TO CREATE INCREASED EMPLOYMENT.

Supervisor Blake called attention to the urgent need for affirmative official action to stimulate the creation of new employment in San Francisco, particularly in the ship building and ship repair industry. He called attention to the drastic curtailment in workloads and consequent reduction in employments in the S.F. Naval Shipyard as well as the private yards in the area. Supervisor Blake suggested that the Mayor, members of the Board of Supervisors and other responsible civic leaders should take direct action to make this situation known to the President of the United States and recommend that he take steps to assist in the revival of this segment of our economy by channelling an increased volume of Naval ship repair into Bay Area yards and by encouraging the growth of the American Merchant Marine fleet. He also suggested that action be taken to accelerate Federal, State and Municipal construction programs of all kinds to aid in reaching the goal of full employment and prosperity for our area. Supervisor Blake requested that a letter setting forth the objectives expressed be sent to the Mayor for his consideration and action.

No objection and REQUEST GRANTED.

SUPERVISOR TINNEY, SECONDED BY SUPERVISOR MOORE, MOVED THAT THE BOARD OF SUPERVISORS NOW SIT AS A COUNTY BOARD OF EQUALIZATION TO CONSIDER SUBJECT APPLICATION.

MOTION CARRIED by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Ferdon, McMahon, Moore, Morrison, Tamaras, Tinney--11.

REDUCTION GRANTED.

Name of Applicant	Block	Lot	Assessed Valuation Building	Land	Equalization Requested
City of San Francisco Portsmouth Plaza Parking Corporation	209	17	(Possessory Interest		\$145,300)

H. Kelly Ogle, attorney representing the applicant, was examined under oath as to the value of the property.

Mr. Ogle stated that inasmuch as oral argument on this subject would in all material respects be identical with that previously made at great length in connection with assessment of possessory interest on Downtown Parking Corporation (Fifth and Mission Garage) and Uptown Parking Corporation (Sutter-Stockton Garage), in cooperation with the Director of Property, the Assessor and the City Attorney, the Corporation has agreed, if such procedure is acceptable to the Board

MONDAY, SEPTEMBER 16, 1963

of Supervisors, the matter be submitted on the basis of documentation already presented. Mr. P. L. Rezos, Director of Property, and Mr. S. Duca, representing the Assessor, verified Mr. Ogle's statement. Mr. T. Blanchard, Chief Deputy City Attorney, reported that Mr. Orville Wright, Deputy City Attorney, who represented the Assessor's Office in this matter, was unable to be present because of illness, but has indicated that he has agreed to this procedure. Mr. Blanchard reported that there is no essential difference between this and the other two cases previously voted on.

Supervisor Ferdon requested that the Director of Property present his conclusion as to whether or not this property should be affected. Whereupon Mr. Rezos read the following report into the record:

"September 16, 1963

Board of Equalization
Possessory Interest Assessment
S.F. Portsmouth Plaza Parking Corp.
733 Kearny St. - S.F.

Honorable Board of Supervisors of the
City and County of San Francisco
Sitting as a Board of Equalization

Members:

The following is my report to the Board of Equalization regarding the San Francisco Portsmouth Plaza Parking Corporation possessory interest assessment:

It is my opinion that a possessory interest does exist on this property; and that this possessory interest has no value or a nominal value. This opinion is based on a review of the lease and other pertinent documents and upon the following consideration, among others:

The present value of the garage property based on replacement cost less depreciation plus the value of the sub-surface land area, is estimated as follows:

Land (25% of fee)	\$ 435,000.00
Improvements	<u>2,475,000.00</u>
Total	\$ 2,910,000.00

The entire control of this facility rests in the City and County of San Francisco, which fixes rates to be charged, approves every expenditure, and determines the manner of operation.

The earning power of the leasehold is nil for this or any other lessee since not less than 100% of all net proceeds must be paid to the City. Competitive bid procedures in accordance with the Parking Law of 1949 require that the award of bid be made to the highest responsible bidder.

All revenues of whatever nature can only be disbursed under clearly stated conditions. None may be retained by the lessee -- by this lessee or by any other prospective lessee.

The entire project was conceived and executed for the benefit of the public to provide needed public off-street parking. Any benefit can inure only to the public -- none to this lessee or any other lessee.

Upon consideration of the numerous restrictions and attributing a negative value to these, it is my opinion that

MONDAY, SEPTEMBER 16, 1963

the possessory interest remaining in the lessee is nil or of nominal value.

Very truly yours,

PHILIP L. REZOS
Director of Property"

PLR:LBC

There being no further discussion, the President declared that the matter was before the Board for action.

Supervisor Ferdon, seconded by Supervisor Moore, moved that in keeping with the information contained in the report and based on the evidence which is stipulated to be before the Board, the possessory interest be acknowledged but the value thereof be listed as Nil.

MOTION CARRIED by the following vote:

Ayes: Supervisors Boas, Dobbs, Ferdon, McMahon, Moore, Tamaras, Tinney--7.

Noes: Supervisors Blake, Casey, Ertola, Morrison--4.

MOTION TO ADJOURN.

SUPERVISOR MORRISON, SECONDED BY SUPERVISOR MOORE, MOVED THAT THE BOARD OF SUPERVISORS SITTING AS A COUNTY BOARD OF EQUALIZATION ADJOURN.

MOTION CARRIED by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Ferdon, McMahon, Moore, Morrison, Tamaras, Tinney--11.

The following recommendation of Streets Committee was taken up:

REQUESTING STATE DEPARTMENT OF PUBLIC WORKS TO ALTER DESIGN FOR PROPOSED CLAY-WASHINGTON STREET RAMPS TO EMBARCADERO FREEWAY.

File No. 12293-5, Resolution No.

Supervisor Blake reported to the Board the circumstances of a request made to him by Mr. Thomas Gray, representative of the Down Town Association, to change his recommendation relative to construction of the Clay-Washington Street ramps to the Embarcadero Freeway. Supervisor Blake requested that the Clerk read a letter which he has addressed to the Board on this subject, which asks for consideration of the enactment of legislation which shall require that all representatives of private and public as-

MONDAY, SEPTEMBER 23, 1963

sociations, whose duties include negotiations with San Francisco city officials, be registered as lobbyists, and that the list be made public.

NO OBJECTION AND THE CLERK READ THE LETTER.

REFERRED TO JUDICIARY COMMITTEE.

SUPERVISOR MOORE EXCUSED FROM ATTENDANCE.

Supervisor Moore, at the hour of 4:00 p.m., requested to be excused from attendance.

No objection and REQUEST GRANTED.

DISCUSSION CONTINUED.

Supervisor Blake reported that after hearing the presentation of the State Division of Highways, the Developers of the Golden Gateway Project, representatives of City Departments involved, and consultants employed by the City and County, the Streets Committee has recommended the adoption of the subject resolution. He explained that the consultants hired to plan the Ferry Park have recommended a change in the design of the Clay-Washington Street ramps so that these will be more esthetically compatible with the park area to which they will be adjacent. He also indicated that Mr. M. Justin Herman, Executive Director of the Redevelopment Agency, informed the Committee that, in his opinion, a delay in construction of the ramps to allow improvement in design, would not seriously affect the financial status of the project.

Supervisor Blake reported that the State Division of Highway representatives informed the Committee that the time required to redesign these ramps in accordance with the suggestions of the consultants would be about eighteen months and would cost approximately \$400,000.

Mr. Joseph P. Sinclair, Assistant State Highway Engineer illustrated his remarks with sketches of the proposed ramps, which he reported had been shown to the City's consultants, who agreed that they give an honest estimate of what is proposed. Mr. Sinclair stated that the area of the Embarcadero freeway where the ramps will be connected to the main structure was designed and constructed to take this addition when the freeway was built. The ramps were designed to fit into this area, and the requested changes would entail a considerable alteration to the structure of the Freeway itself. In addition to the delay of approximately 18 months and expenditure of an additional \$400,000, approximately \$100,000 worth of completed design work would have to be discarded. Mr. Sinclair stated that, in his opinion, the results of the suggested redesign of the ramps would not be worth what they would cost in time and money lost. He indicated that a change from square to round columnar supports would require about one month's work.

Mr. Mario Ciampi, Consulting Architect for the City, presented the criticism of the consultants concerning the proposed ramps and described and illustrated the architectural design which they thought should be used instead. He indicated that the consultants were preparing models of the ramps to be ready by next Monday, which would present a more tangible picture of what they propose as compared with what has been offered by the State Division of Highways.

Mr. Everett Griffin, Chairman of the Redevelopment Agency stated that while he made no presentation to the Streets Committee at their hearing on this subject, he was now prepared to state that the Agency feels that the changed design is unwarranted, and they are not in favor of it.

Mr. Sherman P. Duckel, Chief Administrative Officer, reported that the Department of Public Works feels that the proposed changes are inconsequential and that the added costs and delays

MONDAY, SEPTEMBER 23, 1963

are not justified. He indicated that this conclusion had probably not been clearly expressed to the Streets Committee at their meeting, but that even though the consultants have recommended the change, the Departments do not concur.

SUPERVISOR FERDON, SECONDED BY SUPERVISOR McMAHON, MOVED THAT CONSIDERATION BE CONTINUED FOR ONE WEEK TO ALLOW FOR COMPLETION OF THE MODELS BY THE CONSULTANTS, AND THEIR PRESENTATION TO THE BOARD FOR EVALUATION.

MOTION CARRIED by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Ferdon, McMahon, Morrison, Tamaras, Tinney--10.

Absent: Supervisor Moore--1.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

MONDAY, SEPTEMBER 30, 1963—2:00 P.M.

In meeting of the Board of Supervisors, San Francisco, Monday, September 30, 1963—2:00 p.m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Blake, Boas, Casey, Dobbs, Ertola, Ferdon, McMahon, Moore, Morrison, Tamaras, Tinney—11.

Quorum present.

President Peter Tamaras presiding.

Presentation of Guest.

The Chair introduced Mr. Hilbert Cedric Spence, member of the Town Council, New Amsterdam, British Guiana, President of the Berbice Chamber of Commerce and Development Association, General Agent of the Colonial Life Insurance Company for Berbice. (Participant in the Foreign Specialist Program of the Bureau of Educational and Cultural Affairs, U.S. Dept. of State.)

Taken Up Out of Order.

Consideration Continued.

There being no objection, on motion of Supervisor Dobbs, seconded by Supervisor Tinney, the following recommendation of the Streets Committee, was taken up out of order:

Requesting State Department of Public Works to alter design for proposed Clay-Washington Street ramps to Embarcadero Freeway.

File No. 12293-5, Resolution No.

Supervisor Dobbs, seconded by Supervisor Tinney, moved that consideration be continued for one week.

Supervisor Dobbs indicated that he was informed by Mr. Alton S. Lee, President of the San Francisco Chapter of the American Insti-

tute of Architects, that the Chapter would consider making a survey of this question as a public service, and would present its conclusions to the Board for decision within a few weeks; and by next week he could tell the Board exactly what the Chapter would be willing to do in this connection.

Supervisor Blake stated that he felt this action would serve only to delay further completion of the ramp construction; and inasmuch as the Board had in effect already had the opinions of at least five prominent architectural firms in this matter, any further analyses would merely be repetitious of what had already been offered. He indicated although he was not opposed to hearing from the American Institute of Architects, he felt that the resolution before the Board should be adopted now.

Supervisor Morrison indicated he felt that adoption of the motion to postpone action on the resolution would be a dilatory action; the motion should be defeated; and the resolution acted on now.

Motion carried by the following vote:

Ayes: Supervisors Casey, Dobbs, Ferdon, McMahon, Moore, Tamaras, Tinney—7.

Noes: Supervisors Blake, Boas, Ertola, Morrison—4.

Request Granted.

Supervisor Moore requested that a letter be written to the State Division of Highways asking confirmation in writing of what the Assistant State Highway Engineer, Mr. J. P. Sinclair, reportedly told the Streets Committee verbally: That the proposed redesign of the Clay-Washington Street ramps to the Embarcadero Freeway will delay the construction thereof for a period of eighteen months.

No objection and *Clerk directed to comply.*

Supervisor Moore requested that a letter be written to the proper authorities directing attention to the possible rerouting or elimination of the Belt Line Railroad in the consideration of means to improve the esthetic appearance of the area of the Clay-Washington Street ramps to the Embarcadero Freeway and the area beneath the freeway itself.

No objection and *Clerk directed to comply.*

Supervisor Ferdon requested that a letter be directed to the American Institute of Architects advising that the Board has delayed its decision with regard to the design of the Clay-Washington Street ramps for one week so they may hear a presentation from the Institute of Architects on this subject, and asking that at that time they come prepared to present some definite information on what they propose to offer to the Board, and not merely to state they will have to study the matter for several weeks.

No objection and *Clerk directed to comply.*

Adopted as Amended.

(Supervisor Boas dissenting in Committee.)

Directing City and State to study certain new freeway routes.

File No. 323-63, Resolution No. 605-63.

Supervisors Blake and Dobbs emphasized that this was a request for a study, and the Board in passing the subject resolution would be informing the State of the City's policy with respect to what it considered preferable freeway routes.

Supervisor Blake added that adoption of the resolution would in no way negate the policy already established by the Board relative to the study of a crosstown tunnel to connect the Golden Gate Bridge to the Central Freeway.

Supervisor Boas explained that his dissent in committee was not for the purpose of defeating this proposal, but because he felt the matter was prematurely before the Board of Supervisors, inasmuch as it had not yet had sufficient study by the City Departments involved.

Supervisor Morrison, seconded by Supervisor Boas, moved that the resolution be re-referred to Committee for further study.

Supervisor Dobbs, speaking to the motion, repeated that this resolution would authorize a specific study to be made so the freeway routes deemed most desirable by the Board of Supervisors would be given proper consideration before any construction was authorized or planned.

Motion to re-refer resolution to Committee *defeated* by the following vote:

Noes: Supervisors Blake, Casey, Dobbs, Ertola, Ferdon, McMahon, Moore, Tamaras, Tinney—9.

Ayes: Supervisors Boas, Morrison—2.

Supervisor Ferdon, seconded by Supervisor Dobbs, moved that the following amendments be inserted in the resolution for clarification, and to emphasize that the study was to be of the most desirable routes among those possible: In the first "Whereas," (line 2) substitute the word "the" for "this" before "Board"; after "Board" insert the words "of Supervisors". In the "Resolved" (line 16) after the word "feasible" insert "and the most desirable"; before the word "Board" substitute the word "the" for "this", and after the word "Board" insert the words "of Supervisors".

Motion to amend as set forth herein, *carried* by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Ferdon, McMahon, Moore, Morrison, Tamaras, Tinney—11.

Adopted as amended by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Ferdon, McMahon, Moore, Tamaras, Tinney—10.

Noes: Supervisor Morrison—1.

Refused Adoption.

The following recommendations of Streets Committee, heretofore considered, were taken up:

Requesting State Department of Public Works to alter design for proposed Clay-Washington Street ramps to Embarcadero Freeway.

File No. 12293-5, Resolution No.

Explanation of Vote.

Supervisor Dobbs indicated that Opinion No. 63-42 of the City Attorney, for receipt of which the Board had delayed action on the subject resolution, clearly indicates the responsibility of the City to permit the State Department of Public Works to proceed with the construction of the Clay-Washington Street ramps to the Embarcadero Freeway.

Supervisor Blake stated he felt that inasmuch as the City's consulting architects have favored a change in design, this should be done. He felt that since the City did not accept the lowest bid for the Golden Gateway development, but chose the Perini Plan because of superior design, an improved plan for the ramps should be required from the State Division of Highways to complement the high standards of quality in the Project.

Supervisor Morrison stated that while he felt the opinion is clear, the design of the ramps as offered by the State does not coincide with the expressed intent of the Board of Supervisors in its resolution (No. 496-63) which calls for application of the most imaginative solutions available in such projects; and he felt the Board should assert the primacy of good design. He added that he understood the Controller and the Director of the Redevelopment Agency have indicated the feasibility of the garage project is not dependent on prior construction of the ramps.

Supervisor McMahon stated that the Board has made commitments to the Redevelopment Agency and the developer of the Project. She considered neither plan attractive, but that no matter how they are designed the freeway ramps will by nature be unattractive. Further, she stated the Board had no guarantee that even after a delay of 18 months for redesigning the State would not come back with the same plan as was now before the Board.

Supervisor Ferdon stated he felt that whatever plan the Board adopts, the ramps will make little embellishment to the Embarcadero Freeway, and the detraction of the one is not so much less than the other that the State should wait an additional 18 months to begin construction. He added that it should be clearly understood that whether Plan A or Plan B is accepted, the ramps are the responsibility of the entire Board of Supervisors because of the resolution adopted in 1960 authorizing this construction.

Supervisor Tamaras stated he felt that inasmuch as we have the Embarcadero Freeway and must work with it, he could not see enough difference between the plans which have been submitted to warrant the delay in construction and increased costs which would be entailed.

Supervisor Boas stated he felt that since the City has hired three consulting architects, all of whom object to approval of the State's plan, the Board should heed their advice. He, therefore, was going to vote for the resolution.

Refused adoption by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Morrison—4.

Noes: Supervisors Casey, Dobbs, Ferdon, McMahon, Moore, Tamaras, Tinney—7.

Taken Up Out of Order.

Reference to Committee.

Repealing prior resolutions pertaining to the Embarcadero Freeway Clay-Washington ramps for the purpose of completing detailed studies looking to the preservation of all community values affected by further construction connected with the Embarcadero Freeway.

Board of Supervisors to hear protests, if any, of all persons interested in the following described work done or in the warrant, assessment or diagram for pay of the cost of the same, or in property affected thereby: Improvement of Tenth Avenue between Quintara Street and Mendosa Avenue by Chas L. Harney, Inc., as described in Declaration of Intention Order No. 58,372 of the Director of Public Works, dated April 21, 1961.

File No. 268-61.

The Chair inquired if there were anybody in attendance who desired to protest the improvement. Mrs. Alma Painter, 101 Quintara Street, appeared to protest the assessment levied against her property. She indicated that the basis for her objection is outlined in a letter which she filed with the Board of Supervisors.

Mr. Ted Vollenweider of the Department of Public Works reported that he had contacted Mrs. Painter to discuss this matter in accordance with the instructions of the Board at its meeting last week. He stated that the Department has additional work to do in front of Mrs. Painter's property, funds for which will have to be appropriated. However, the work the contractor did in improving Tenth Avenue has been completed according to specifications, and it is the recommendation of the Department that this assessment be confirmed.

There being no further discussion the Chair declared the hearing concluded.

There being no objection, on motion of Supervisor Blake, seconded by Supervisor Ertola, the following recommendation of Streets Committee, appearing on the calendar under New Business was taken up out of order.

Urging Governor of California ((and California Highway Commission)) to create a select commission to evaluate and report findings concerning freeway development in Lower Market-Embarcadero area; and authorizing comprehensive study of land use, ((and)) traffic circulation and economics for future development of said Lower Market-Embarcadero area.

File No. 395-63, Resolution No. 641-63.

The Chair presented a letter from Mr. Robert O. Wilson, Golden Gateway Project Director for Perini-San Francisco Associates, requesting that no action be taken which will in any way delay the completion on schedule of the Clay-Washington Streets ramps to the Embarcadero Freeway, as presently designed.

Ordered filed.

After discussion, the following motions were made for amendment of subject resolution:

1. In the fifth "resolved," page 2, Supervisor Morrison moved that the word "acceptance" be changed to "approval."

2. In the first "further resolved" on page 2, Supervisor Tinney moved that the words "and that any future freeway construction in the lower Market-Embarcadero area be held in abeyance until the findings of the commission have been duly presented to the State of California and to the City and County of San Francisco" be deleted.

3. In the first "further resolved" on page 1, Supervisor Tinney moved that the words "and the California Highway Commission" be deleted. (Also to be deleted from title of resolution.)

4. In the same "further resolved," Supervisor Tinney moved that the word "equally" be inserted between "composed" and "of."

5. In the same "further resolved," Supervisor Morrison moved that the words "public officials or private citizens" be added after the words "San Francisco," and that the words beginning "and of certain additional members" to the end of the paragraph, be deleted.

6. In the second "further resolved," page 2, Supervisor Tinney

moved rewording the phrase "with a view to relating land use and traffic circulation in a plan" to "with a view to relating land use, traffic circulation and economics in a plan." (Also to be amended in title of resolution.)

7. In the first "further resolved," on page 1, Supervisor Casey moved deletion of the words "and planned extensions thereof" after the word "freeway."

8. In the same paragraph, Supervisor Morrison moved deletion of the word "existing" before the words "Embarcadero Freeway."

9. In the second "further resolved" on page 2, Supervisor Moore moved that "Bay Area Rapid Transit District" be included among the jurisdictions to participate in the comprehensive study.

Supervisor Blake accepted and seconded all motions for adoption of the amendments as specified.

Amendments adopted by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Moore, Morrison, Tamaras, Tinney—9.

Absent: Supervisors Ferdon, McMahon—2.

Thereupon Supervisor Blake, seconded by Supervisor Ertola, moved adoption of the resolution, the title of which was amended to read as printed above.

Explanation of Vote.

Supervisor Dobbs requested that the Journal of Proceedings contain a clear statement reflecting the understanding of this Board that this resolution is not directed at, nor does it seek in any way to interfere with, the construction of the Clay-Washington Streets ramps to the Embarcadero Freeway, which were approved by the State of California.

Supervisor Morrison stated that he wished his understanding of the resolution to be recorded as being that it neither urges nor objects to construction of the ramps; that it is neutral on this point.

Supervisor Casey stated his position on the resolution to be that he understands it is not going to interfere with the action taken by this Board a few weeks ago against changing in any way whatever the design or plans for construction of the Clay-Washington Streets ramps.

Supervisor Moore stated that if there was any misunderstanding concerning the Board's stated position on construction of the ramps he would vote against the subject resolution, or ask for a delay of action thereon until contracts for construction of the ramps were made. For this reason he asked that Mr. J. P. Sinclair, Assistant State Highway Engineer, who was present at the meeting, indicate whether the Board's position was clear to him.

Mr. Sinclair stated that he was satisfied that all references to the ramps had been deleted, and his interpretation of the resolution as amended coincided with what Supervisor Dobbs had stated.

Adopted, as amended, by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Moore, Morrison, Tamaras, Tinney—9.

Absent: Supervisors Ferdon, McMahon—2.

The Board resumed consideration of the calendar items in the order set forth therein.

Supervisor Casey Excused From Attendance.

The Chair announced that Supervisor Casey had requested to be excused from attendance because of illness.

No objection and request *granted*.

Taken Up Out of Order.

Adopted as Amended.

There being no objection, on motion of Supervisor Moore, seconded by Supervisor Ferdon, the following from Public Utilities Com-

mittee, appearing on the calendar under New Business, was taken up out of order:

Authorizing and directing City Attorney to intervene in application made by Southern Pacific Company to California Public Utilities Commission for revision of peninsula commute service.

File No. 409-63, Resolution No. 654-63.

Supervisor Moore seconded by Supervisor Blake, moved adoption of the following substitute resolution in place of the one which appeared on the Board's calendar. There was no objection, and subject resolution, was substituted:

Refused Adoption.

Authorizing appearance concerning application of the Southern Pacific Company for authority to institute changes in passenger train service and fares between San Francisco, San Jose and Vasona and intermediate points.

Supervisor Moore, seconded by Supervisor Ferdon, moved adoption of the substitute resolution.

After discussion Supervisor Moore requested that the Journal of Proceedings record the statement of Mr. Robert Laughead, the City Attorney's rate engineer, that he does not have a preconceived opinion of what stand to take on the subject, and he does not intend to use the resolution, if adopted, as a blanket authority to oppose the position of the Southern Pacific Company.

Supervisor Blake, seconded by Supervisor Moore, moved that the legislation be amended by adding the following:

"and be it further

"RESOLVED, That before any policy decision is made, the City Attorney shall report to the Board of Supervisors or its Committees for further orders or instructions; and be it further

"RESOLVED, that the Board of Supervisors do hereby request the California State Public Utilities Commission to give the City and County sufficient time after conclusion of taking testimony within which to submit briefs or arguments either in support of or opposition to the application of the Southern Pacific Company."

Supervisor Morrison stated he thought the amendment should be defeated in view of earlier statements which were made to the effect that there would be insufficient time for the City Attorney to report back to the Board and then take a stand before the State Public Utilities Commission.

Supervisor Tamaras indicated he felt as long as there is a possibility existing that the City Attorney might change his originally stated position, the matter is of sufficient importance to San Francisco to have the Board of Supervisors informed on the position to

be taken, and for that reason would support the resolution as amended.

Motion to amend resolution as stated, *carried* by the following vote:

Ayes: Supervisors Blake, McMahon, Moore, Tamaras, Tinney—5.

Noes: Supervisor Boas, Ferdon, Morrison—3.

Absent: Supervisors Casey, Dobbs, Ertola—3.

Resolution, as amended, refused adoption by the following vote:

Ayes: Supervisors Blake, McMahon, Moore, Tamaras, Tinney—5.

Noes: Supervisors Boas, Ferdon, Morrison—3.

Absent: Supervisors Casey, Dobbs, Ertola—3.

Supervisor Moore, seconded by Supervisor Ferdon, thereupon moved that the Board consider the resolution as presented by the Public Utilities Committee.

No objection and *motion carried*.

Supervisor Tinney, seconded by Supervisor Ferdon, moved that the legislation be amended by amending the "Resolved" section to read as follows:

"RESOLVED, That the City Attorney is hereby authorized and directed to appear before the California Public Utilities Commission and protect the best interests of the City and County of San Francisco."

Motion *adopted* by the following vote:

Ayes: Supervisor Blake, Ferdon, McMahon, Moore, Morrison, Tamaras, Tinney—7.

Noes: Supervisor Boas—1.

Absent: Supervisors Casey, Dobbs, Ertola—3.

Explanation of Vote.

Supervisor McMahon explained that while she voted to amend the resolution to call for protection of the "best" interests of the City and County of San Francisco, she was voting against adoption of the measure because she did not consider the action authorized to be the most desirable procedure to be followed in the circumstances.

Supervisor Boas stated that he was voting against the substitute because he favored the resolution as presented on the calendar, which would authorize the City Attorney to support the principle of the proposal recommended by the staff of the State Public Utilities Commission, which would allow the discontinuance of only one train now and no increase in rates.

Thereupon the roll was called, and the foregoing resolution amended as set forth herein was adopted by the following vote:

Ayes: Supervisors Blake, Ferdon, Moore, Morrison, Tamaras, Tinney—6.

Noes: Supervisors Boas, McMahon—2.

Absent: Supervisors Casey, Dobbs, Ertola—3.

The Board resumed consideration of the calendar items in the order set forth therein.

(Supervisor Boas dissenting in Committee)

Designating and describing a redevelopment area within the City and County of San Francisco as defined in and pursuant to the Community Redevelopment Law of California, to be known as the Rapid Transit Corridor Study Area.

File No. 35-63-1, Resolution No. 707-63.

Explanation of Vote.

Supervisor Boas set forth five reasons for his dissent from the Committee recommendation and for voting against the measure at this time. He stated that he feels as follows:

1. That at the present time the Agency has too many incomplete projects under way to take on an additional program of this size.

2. That the Agency reasoning that this is the best way to get Federal funds as Rapid Transit counterpart seems fallacious and these funds could be obtained without the undertaking of such a vast project.

3. That the planning concept as proposed by the Agency is vague, and the existence of a "corridor" is a figment of the planners' imagination.

4. That too much property, especially good down town property, is put under a "blight" label which is bad for business.

5. That the proposal lacks any real community support.

Request Granted.

Supervisor Moore requested that the statements of the Redevelopment Agency that less than 6% of the study area property will be subject to clearance, and that the Potrero Hill region has been excised from the study area, be made part of the record.

No objection and request *granted*.

Disclosure of Interest.

Pursuant to the requirements of the Community Redevelopment Law, and particularly Section 33236 thereof, each of the following Supervisors made a disclosure that he owns or has a direct or indirect financial interest in property which is included within that redevelopment area located in the City and County of San Francisco to be known as the Rapid Transit Corridor Study Area, and signified that a written statement to this effect will be submitted for inclusion in the records of the Board of Supervisors and those of the San Francisco Redevelopment Agency: William C. Supervisor Dobbs, seconded by Supervisor Ferdon, moved that the Board reconsider the disapproved and vetoed measure.

Motion carried by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Dobbs, Ertola, Ferdon, McMahon, Morrison—8.

Noes: Supervisors Moore, Tamaras, Tinney—3.

Explanation of Parliamentary Situation.

The Chair explained that the question before the Board was, "Shall the legislation become effective notwithstanding the Mayor's disapproval and veto?" It will require eight "aye" votes to override the Mayor's disapproval and veto.

Explanation of Vote.

Supervisor Tinney explained that he was voting against passage of this ordinance over the Mayor's veto because he felt that it was only a half-way measure to correct what is a great problem in City Government, namely, the serious delays encountered in the processing of building permit applications. He stated that he felt the answer will not be found in the addition of a few more positions, and that a comprehensive study of the situation should be made to determine action to be taken to assure institution of a more efficient method of processing these applications.

Supervisor Blake stated that he was voting to sustain the Mayor's veto because he, too, felt that the addition of these new employments would not provide a lasting solution to this serious problem.

Supervisor Moore stated that he felt the matter of the efficiency of the clerical staff was being impaired by the lack of electric typewriters to expedite processing of applications, and that this should be investigated as a first step towards stepping up operations in the Department.

Supervisor Tamaras stated that he was supporting the Mayor's veto because he felt there were many instances in which greater efficiencies could be realized in the utilization of present personnel.

Supervisor Dobbs, Casey and Ertola stated that they felt that the exigencies of the situation required immediate remedial measures, and that while an overall review of the entire problem was desirable, the subject legislation would provide some relief in a very

serious situation.

Refused passage over the Mayor's disapproval and veto by the following vote:

Ayes: Supervisors Boas, Casey, Dobbs, Ertola, Ferdon, McMahon, Morrison—7.

Noes: Supervisors Blake, Moore, Tamaras, Tinney—4.
